Major Sea Battle Looms In Atlantic

NAZIS MASS SHIPS TO CUT SUPPLY LINES

British Deploy Forces To Meet Threat; Germans Claim Sinkings.

VON TIRPITZ ATTACKED

Admiralty Reveals Ace Hitler Battleship Near Trondheim Base In Norway.

(By United Press)

A major new Nazi challenge to control of the vital sea lanes linking America, Britain and Russia developed today.

Germany appeared to be massing the bulk of her naval power in an attempt to rupture the northern supply lines between Britain and Russia and repercussions of the far-flung battle against Atlantic submarines appeared in London.

Developments included: A German claim that 823,200 tons of shipping have been sent to the bottom in the attack by Axis submarines on vessels in waters adjacent to the American coasts.

British naval and air forces have been deployed to meet the threat of establishment of a major German naval squadron on the Norwegian coast, poised to attack the Russian supply routes.

The new German naval base has been established at Trondheim. Unofficial reports said that it was heavily protected and equipped to shelter warships against air attacks.

Presence of the Von Tirpitz, Germany's biggest battleship, off the Norwegian coast was disclosed by British reconnaissance and the admiralty reported yesterday that the big new dreadnaught had been attacked by British naval torpedo planes with unknown results.

The British believe Germany may have assembled at Trondheim the two fast, heavy cruisers, Admiral Hipper and Admiral Scheer, both 10,000 ton craft and possibly the German aircraft carrier Graf Zeppelin.

It was admitted that these craft—with the Tirpitz—constitute a formidable squadron and it was believed that heavy British naval strength has been assigned to watch the German ships and attempt, if possible, to draw them into decisive action.

Would Use Empty Service Stations For Residences

CLEVELAND—(AP)—Vacated gasoline filling stations may be converted into homes to ease today's housing shortage in Cleveland if owners follow a suggestion made by Howard W. Green, director of the real property inventory.

"We built gas stations until we got enough to line both sides of Euclid avenue from Public Square to the city limits (about six miles) and both sides of Loram avenue its full length (about seven miles)." Green said.

"Some of the excess filling stations may well become one-family dwellings or cottages.

"Consideration also might well be given to converting most of the 2,543 vacant store units into attractive dwelling places to serve through the war emergency," he said.

Brazil Chief Orders Axis Funds Seized

Retaliates for Sinking of Four Brazilian Ships By Submarines.

(By Associated Press)

RIO DE JANEIRO—President Getulio Vargas today decreed confiscation of part of the property and funds of Axis citizens and firms in Brazil.

The decree was the first action taken against Axis nationals as retaliation for the sinking of four Brazilian ships, and there was a widely held belief this might prove the preliminary to an eventual declaration of war. Brazil broke off diplomatic relations with Germany, Italy and Japan on Jan. 28.

The Vargas decree said "the property and rights of German, Japanese and Italian persons or legal subjects must answer for harm which has resulted or may result from acts of aggression by Germany, Japan and Italy."

Foreign Minister Oswaldo Aranha said Brazil "views the situation with calmness and serenity," but he added grimly:

"The government will take all necessary steps to safeguard the welfare of the country and observe commitments to hemisphere defense."

Observers believed that President Getulio Vargas and Foreign Minister Aranha would avoid actual war as long as possible while taking reprisals for attacks upon shipping and the loss of Brazilian lives.

Six Survivors Landed In U. S.

NEW LONDON, Conn.—(INS)—Six survivors from the Brazilian liner Cayru, torpedoed by an Axis submarine Monday night, were landed here today after being rescued by a U. S. navy patrol boat.

All were members of the crew of the stricken passenger ship They reported that 14 other crew members who had crowded into the life boat with them when the Cayru was attacked had been "lost at sea."

A youthful appearing Portuguese, the ship's only passenger in the life boat, died just as the navy rescue boat hoisted him to the deck from the life boat.

ORDERS CHANGE

Nelson Tells Three Industries To Start War Work.

WASHINGTON—(U.P.)—Production Chief Donald M. Nelson today ordered conversion of three industries—washing machine, typewriter and vacuum cleaner — as soon as possible to the manufacture of war goods for the United Nations.

Regarding the washing machine industry, a high official ruled that the larger concerns should convert by April 15.

The smaller plants, only a few of which have war contracts or share in subcontracts now, will be given until June 1 to obtain contracts which will absorb their capacity in the war effort.

How Three Flyers Survived 34 Days Adrift

One of the most dramatic stories of the war was that of the three American fliers who reached a tiny Pacific island, naked, sunburned and near starvation after 34 days afloat in a tossing rubber lifeboat. Top picture is an artist's impression of how the trio shot an albatross for food At bottom is Anthony J Pastula, Youngstown, O., one of the intrepid trio. From the tiny island on which they landed, they were rescued by a naval patrol and taken to Honolulu.

MAKE DEMANDS FOR DOG FUNDS

Bromfield, Civic Groups Want More 'Humane Way' To Handle Strays.

Headed by Author - Farmer Louis Bromfield, representatives of five city and county organizations went to the Richland county commissioners yesterday afternoon with a request for county funds for a "more adequate and humane way" of handling stray dogs. The meeting was arranged at Bromfield's request

Bromfield told the commissioners that "the whole system of handling dogs and sheep claims is a mess and it's getting worse all the time"

More than 400 sheep were killed by dogs in the county last year, while the number should have been limited to 25, he said. He added that claims paid for sheep were "excessive" and that "farmers would rather have their sheep than money anytime."

At the end of a lengthy discussion that frequently brought heated words from both sides, the commissioners offered to turn over surplus funds from the dog tag receipts to the Humane society to supplement the work of the county dog warden.

The offer apparently didn't

Admiral Tells Civilians to Evacuate Island of Ceylon.

COLOMBO, Ceylon — (U.P.)— Admiral Sir Goeffrey Layton, commander in chief, made his first move today to evacuate nonessential civilians from his island off the southern tip of India in view of the threat of Japanese attack.

He ordered all persons, including wives and children of army, navy and air force men, who are not normally resident in Ceylon and who are not engaged in essential war work to leave as soon as possible.

Eastern Motorists Get New Worry; Gas Rationing Nears

(By Associated Press)

WASHINGTON — Gasoline ration cards threatened today to be next on war problem list for the east's 10,000,000 motorists, already worrying over the mileage left in their tires

The oil industry proposed to Petroleum Coordinator Ickes that consumption be cut one-fourth by a rigid ration card system, to cope with an acute supply condition resulting from the sinking or diversion of tankers which haul oil from Gulf ports to the seaboard.

Recognizing that perfection of a card system might require weeks, the industry report recommended that Ickes employ an interim program, effective immediately, curtailing by 25 per cent the gasoline supplies for the area's 100,000 service stations, with each retailer apportioning the available fuel among his customers.

Moreover, the industry asked that all these service stations be put under a 7 p. m.-7 a. m., curfew, that fuel oil deliveries be cut and that the world's largest pipeline system be built from the southwest to the New York-Philadelphia area.

Prompt action was promised by Ickes, but he said late yesterday that he could not predict "to what extent we shall follow the industry's recommendations." He described the east's supply situation as "very acute." The seaboard area embraces 17 states and the District of Columbia.

NAME MINISTER

British Announce Lyttleton as New Production Chief.

LONDON — (INS) — Appointment of Capt. Oliver Lyttelton as British minister for production was announced by British authorities today.

Lyttelton formerly served as Britain's resident minister in the Middle East He only recently returned to this country.

A spokesman said Lyttelton will be charged with chief responsibility on behalf of the war cabinet for war production as a whole, subject to the policy of the minister of defense and the war cabinet.

In addition, he will have effective powers to concert and supervise the production departments, including adjustment of existing problems and initiation of future policy.

URGES ATTACK

Air Corps Chief Says Planes at Home Do No Good.

MIAMI BEACH, Fla — (U.P.) — Lieut. Gen. Henry H. Arnold, chief of the army air corps, said today that "an immediate and all-out offensive" was the best course for the United States to follow to victory.

"Planes sitting on the ground in the United States are not winning the war," he said, "and the massing of planes on our shores is unnecessary since any attempts to bomb the United States will be only in the nature of nuisance raids."

Hundreds Must File Returns In Next Four Days

Hundreds of Mansfield and Richland county residents must file income tax returns at the internal revenue office in the Mansfield postoffice by the deadline time Monday at 5 p. m.

The zone office is remaining open all day Sunday for the first time in its history to assist people to file their returns and the staff of two deputy collectors and four assistants will be on duty from 9 a. m. to 9 p. m. Saturday office hours have also been extended to 4 p. m.

Twice as many persons are filing returns in Richland county this year as filed last year due to the lowered exemptions and a large number of these must still report according to the number of returns received from the Eighteenth Ohio district office located in Cleveland.

The Cleveland office had only received 450,000 of the 700,000 anticipated returns from the 18th district last night indicating that a big rush is looming for the last four days before the deadline.

War Hits Safetytown, It'll Be Called Off for Duration

War hit another one of Mansfield's civic programs today when it was announced that the city's Safetytown nationally-known program to train pre-school children in safety principles would probably be scrapped for the duration of the war.

Traffic Commissioner Frend C. Boals said that the Mansfield Police Recreation association, which sponsors the program, had learned that it would be almost impossible to obtain small "kiddy" autos for use in the training program because of the war rationing orders.

Boals, originator of the Safetytown program, said the steel used in the manufacture of the autos was the same as used to produce the regular size autos and that it was doubtful that any new cars could be purchased. The old autos, which are turned in every two years, have already been sold.

Boals said that there was also some doubt that an instructor for the traffic safety plan could be employed this year. Safetytown is used to train children in the principles of traffic safety.

The educational program will not suffer for 1942 at least, said Boals, because enough pre-school children were trained last year to carry the city through to 1943. Children entering eschool this year received Safetytown training last summer.

DIRT FLIES AS FENCE GOES UP AT RESERVOIR

Half of Poles In Place as City Speeds Construction of Protection Plan.

MAKES NEW SUGGESTION

Mansfielder Offers Plan To Organize Citizens To Act In Emergency.

Dirt had begun to fly fast and furiously at Mansfield's city reservoir today as work on the erection of fencing about the water storage system was rushed as the result of an expose showing that it could have easily been blown up by saboteurs because of laxity in the guard system there.

Meanwhile, a Woodland resident urged civilian defense officials to set up an alarm system and a volunteer unit to come to the aid of reservoir guards in case of emergency.

Although practically no work had been done on the erection of fencing for two months, city workers yesterday installed poles along one side of the reservoir and dug post holes halfway along another side in one day's work.

The suggestion for a volunteer civilian defense force for the protection of the reservoir was made by John O. Crouse, 1034 Woodland road.

"Why can't we install an alarm system at the reservoir?" Crouse asked Judge G E. Kalbfleisch, civilian defense chairman. "This," he said, "would warn volunteers in that area if any move is being made against our water system!"

Kalbfleisch told Crouse that his committee welcomed the suggestion, that applications for civilian defense work made by residents in the vicinity of the reservoir would be checked and that the volunteers would be asked to form a protective group ready to come to the aid of watchmen at the reservoir at a minute's notice

Mayor W. J. Locke yesterday gave orders to departmental heads to spur defense activity as the result of a story in The News-Journal Tuesday which showed that two reporters had been able to walk about the reservoir for more than half an hour and take photo-

JURY DATE SET

County Grand Jurors to Make Crime Inquiries March 30.

The Richland county grand jury will be called into session during the week of March 30 to investigate more than 20 cases, Prosecutor Harold Lutz said today.

Among the defendants whose cases will be studied by the jurors are Raymond J. Brown, former Mansfield attorney, accused of forgery, and Willis Harris, former Mansfield reformatory guard, held on a charge of shooting with intent to wound James Wilson, 30-year-old reformatory parolee, Feb. 9 at the S A Foltz farm near Mansfield. Wilson is recovering despite a serious injury.

Brown and Harris are in the county jail.

It is expected that the jury will consider other cases for secret indictments since the defendants have not been apprehended.

American and RAAF Bombers Sink 13 Ships

Rip Invasion Forces In New Guinea Area As Japanese Seek to Make Moresby Base for Assault on Australia; Air Fight Rages Two Days.

(By United Press)

MELBOURNE—Australian reports estimated today that heavy air attacks by American and Australian bombers on Japanese invasion forces in the New Guinea area have cost the enemy at least 13 troop transports.

Australian planes were reported to be smashing almost constantly at the Japanese bases at Salamaua, Finschhafer and Rabaul to dislocate Japanese preparations for a move against Port Moresby.

Federal sources said that even heavier and more effective air blows at the Japanese can be expected "when the time comes."

It was regarded as plainly evident here that the Japanese hope to make Port Moresby a chief base for their assault on northern Australia.

However, the continuous air attacks of the Australian bombers were said to be causing the Japanese increasing losses.

A Royal Australian Air Force communique said Australian planes raided the enemy landing areas at Salamaua and Lae, on the New Guinea north coast where the Japanese had established invasion bases, and on the Huon bay invasion area generally.

Japanese planes, perhaps trying to prepare the way for an invasion fleet, bombed Port Moresby yesterday, the air force communique said.

Government sources refused to comment on reports that the Japanese were heading a fleet toward Port Moresby, but it was known that such a move had been expected as the next step after the Huon gulf landings.

The government announced that as a war measure it had decided to impose drastic restrictions on the sale and distribution of beer and spiritous liquors. The manufacture and sale of beer is to be reduced to 33⅓ per cent of normal and wholesalers were ordered to reduce the supply of liquors to retailers.

Prime Minister John Curtin named Maj. Gen. Henry Gordon Bennett, Australian commander in Malaya who escaped from Singapore after its surrender, acting inspector general of the training of Australian military forces.

3-WAY GERMAN OFFENSIVE SEEN

Ankara Reports Rommel Being Groomed For Major Role In Spring Drives.

(By United Press)

ANKARA — Marshal Erwin Rommel, it was believed in this neutral vantage point today, is being prepared for a leading role in a great new Nazi offensive, possibly timed to coincide with Adolf Hitler's favorite "Ides of March" period.

The offensive, some quarters believe, may be a three-pronged drive on a scale comparable to the largest German efforts of the past.

The possibility that the offensive will be launched this month stemmed chiefly from Hitler's past preference for timing new blows in the middle of the month of March It was noted, however, this his big 1940 offensive did not start until a few days later with the attack on Norway and Denmark in early April.

Rommel, regarded in neutral quarters here as the ablest German commander to emerge from the past year's heavy fighting, was thought to hold a key position in Germany's spring plans.

The big spring drive may have these objectives:

1—Egypt and the Suez canal.
2—Britain's rich oil lands and the route to India.

83 SURVIVE

No Lives Lost in Two Ship Sinkings in Caribbean.

SAN JUAN, Puerto Rico—(U.P.) —Eighty-three survivors of two ships—one British and one Swedish—sunk last week in the Caribbean sea, arrived here yesterday and said no lives were lost in either sinking.

The British ship with 49 aboard, was sunk Thursday night in the eastern Caribbean by a submarine that sent three torpedoes into it.

The Swedish ship, which carried two stewardesses among the crew of 34 was sunk by shell fire from two submarines at 7:50 p. m. last Friday. The British ship went down at 10 p. m. last Thursday. The survivors were brought here by two American freighters.

U. S. Engineers Direct Building of New China Supply Route.

LONDON — (INS) — American engineers are directing 100,000 coolies in the construction of a new supply route to China at breakneck speed, the Daily Express reports today in a dispatch from Mandalay, Burma.

The new route will be fed from Calcutta, India, since the Japanese advance in Burma has cut the supply route from Rangoon, it was reported.

Manufacturers Urge Sales Tax in Giant U. S. Tax Plan

(By Associated Press)

WASHINGTON—The National Association of Manufacturers suggested a $7,600,000,000 tax program to congress today, featuring a $4,400,000,000 sales tax and moderate increases in individual and corporation levies.

The recommendations, presented to the house ways and means committee by J. Cheever Cowdin, called for only one-third of the increases in individual and corporate tax rates proposed by Secretary Morgenthau, and contemplated making up the difference through either a manufacturers' or retail sales tax which Morgenthau forthrightly opposed.

"Granted all the objections to a war tax on consumption," Cowdin observed, "how else can you meet the nation's need for tremendous amounts of new revenue?"

For corporations, Cowdin proposed a combined normal and war tax of 36 per cent, compared with the treasury's 55 per cent, and a 100 per cent excess profits tax, compared with the treasury's recommendation for graduated rates starting at 50 per cent on the first $20,000.

He said that the NAM recommendations would yield $1,500,000,000 in corporate revenue.

While the NAM proposed a 100 per cent excess profits tax, it asked at the same time for a number of major changes in the method of computing that levy. One would eliminate the present 5 per cent reduction in the average earnings base. Another would allow the use of any three of the four years from 1936 to 1939 in establishing base period earnings.

Women's League To Take Poll On Primary Voting

Mansfield League of Women Voters are starting out this week to conduct a poll on why Mansfield voters do, or do not, cast their vote at the primaries.

Mrs. A. M. Colby, chairman of government and its operations, for the local League, said that "the work which we will do is part of a state-wide poll conducted by the Ohio League of Women Voters to ascertain why citizens do not vote in the primary."

In the last session of the Ohio General assembly several bills were introduced which would have opened the way for the repeal of the Ohio primary law. Although none of these passed the arguments presented at that time indicated that few people used the right to vote at the primary and the League of Women Voters are out to learn why.

A popular theory about the Christmas Star is that it may have been a configuration of the three planets Mars, Jupiter and Saturn: this triple arrangement happens once every 800 years.

STOCK MARKET PICKS FEEBLY AT RECOVERY

Many Leaders Continue In Retreat, Several Hit New Lows For Year.

(By Associated Press)

NEW YORK—The stock market picked feebly at specialized recoveries in today's proceedings but many leaders continued the retreat.

Touching new lows for the past year or longer were Dow Chemical, Allied Chemical, Union Carbide, Texas Co., and American Tobacco "B".

Steels, rails, rubbers, motors, coppers, mail orders and aircrafts held to a narrow trail. Eastman Kodak got up a point and resistance was exhibited by Standard Oil (N. J.), Youngstown Sheet, Santa Fe, Western Union and DuPont.

Some selling to obtain funds for March 15 tax payments was reported by brokers. Lack of much stimulation in the general run of war news and talk of dividends being reduced or suspended because of mounting costs kept many potential bidders in the do-nothing ranks.

Business analysts studied the Dun & Bradstreet weekly statistics on bank clearings, showing the total for 23 major cities in the latest period down 19.4 per cent from the previous week's 1942 peak but 16.6 per cent ahead of the like period last year.

You've forked over the cash for her to buy that new Easter bonnet and everything that goes with it? So what?
She can't be proud of her ensemble unless she's proud of her escort!
Take a good look at that suit of yours. Sure it's a good suit—but it's not good enough to make the little lady's heart beat with pride!
The colors are new, too! There's Star Grey—a shade of grey with a bluish tinge. Also Granite Grey, Air Blue and Brownstone.
And how about your hat—and your topcoat—and your shirt—and the rest of your fixin's?
Come on in. Bring her along, or let one of our boys help you select an outfit that will give her a happy surprise.

YANKS, AUSSIES SLOW JAPS WITH BOMB ATTACKS

Planes Rip at Invasion Ships In New Guinea Area; 13 Transports Sunk.

(Continued From Page 1)

the wreckage of an invasion armada and battered potential Japanese bases gave directly Australia valuable hours today to muster fighting power for a stand on her own shores.

Japan's first spearhead apparently was blunted by the fierce aerial blows yesterday at hangars and runways on Salamau and Lae, following up the aerial onslaught the day before which sank, burned or beached at least seven ships and brought to at least 13 the number of Japanese transports put out of action off New Guinea and New Britain.

There was, however, no word of new action today to indicate the next turn of the fight, nor any further news of a second strong Japanese convoy last reported headed for Port Moresby, capital of New Guinea, only 300 miles from the Australian mainland.

U. S. Fliers Knock Out 7 Jap Ships

WASHINGTON —(AP)— American action in opening days of the battle for Australia will be centered in long range, heavy bomber attacks on Japanese invasion fleets, it was predicted today by military experts.

The report of the first such raid listed seven Japanese ships knocked out at no cost to the American force, Previously Japan's total ship losses officially claimed by American action were 138 vessels of all types and Admiral Thomas C. Hart said such attrition must be causing the enemy great concern for the future.

Commanded by Major Richard H. Carmichael, eight heavy American bombers raided Japanese shipping in the harbor of Salamaua, New Guinea, on Tuesday. They dropped 18 tons of bombs, leaving two Japanese ships sinking, four on fire, and one beached. The American planes were undamaged, the army announced.

In a report on naval action in the first three months of the war, Admiral Hart yesterday credited Japanese air superiority with a major share in Nippon's gains.

"The enemy has been able to employ land-based planes throughout all his advances," Hart said, the former Asiatic fleet commander and former commander of Allied naval forces in the western hemisphere.

"The final salient feature of this campaign is that while the enemy has won it, captured much territory, etc, his own expenditures have been high . . . The compilations made by the navy department are good, and, as already given out, show losses in ships of various types, which with the enemy's limited capacity for replacement, are bound to be a subject for his great future concern."

Jap Premier Warns Australia, India

TOKYO—(By Official Japanese Wireless)—(INS)—Japanese Premier Hideki Tojo in an address to the diet warned Australia and India today not to be misled by "false British and American promises."

"Japan will carry out military operations more vigorously until Britain and the United States are crushed," he said.

Declaring that Australia is now immediately faced with the might of Japanese forces, Tojo said the commonwealth "must be aware that she is unable to defend herself and will inevitably follow in the footsteps of the Netherlands East Indies."

Chinese Report Big Losses In Battle

CHUNGKING—(INS)—Both Chinese and Japanese forces have suffered heavy casualties in a fierce large-scale battle still raging on the plains of the Yellow river valley on the border of Honan and Shantung provinces, the Chinese high command said today.

The battle resulted when 30,000 Japanese soldiers launched an all-out assault against Chinese positions in the Tsaochow-Hsien sector, just inside the Shantung border above Honan.

Major Battle Near On Burma Front

LONDON —(U.P.)— A major and perhaps decisieve land battle in Central Burma appeared imminent today as Britain Imperial forces resumed their orderly withdrawal to new defense lines and the Japanese invaders mustered all available manpower for a renewed assault.

Fragmentary reports from the fighting front indicated the British were bracing about 150 miles north of abandoned Rangoon and a London military commentator said the Imperials were ready for the battle.

(British bombers yesterday heavily attacked Japanese-occupied Moulmein in southeastern Burma, a communique broadcast by the all-India Radio said today.)

3-WAY GERMAN OFFENSIVE SEEN

Ankara Reports Rommel Being Groomed For Major Role In Spring Drives.

(Continued From Page 1)

3—The mineral and oil wealth of the Russian Caucases.

Rommel's assignment in this offensive would probably be the toughest of all. He has recently been reported in Rome to discuss spring plans One report had it that he was being named supreme Axis commander for the Mediterranean theater.

His task would be to drive across the Libyan and Egyptian deserts before the terrific heat which commences late in April makes military operations virtually impossible until cool weather returns in the autumn

The second prong of the suspected German offensive would be a drive for Syria, Iraq and Iran. This might be launched around Turkey through use of the Mediterranean island stepping stones now in Axis hands with a parachute assault on Cyprus preceding landings on the Syrian coast. Or it could take the form of a direct drive across Turkey However, there are said to be no German troop concentrations in Bulgaria at the moment or other indications of Nazi intention for direct attack on Turkey. Turkish sources state flatly that Turkey will defend herself if Germany violates her territory.

The main Nazi strength, however, it is believed here, will be thrown into a new attack on the Russian southern front. Military observers expect Germany to concentrate huge forces from Kharkov south to Taganrog while maintaining the defensive on the central and northern fronts.

FENCE GOES UP AT RESERVOIR

graphs unchallenged by an armed guard.

Locke called in C. H Hebel, city streets superintendent, who is in charge of the erection of the fencing, and Police Chief Thomas M. Bell and ordered them to speed up work and to tighten the defenses of the water system.

Hebel immediately put six men to work on the installation of the fence and Chief Bell promised that the police would work out a program to train the guards in their duties as watchmen.

Workers were also placing heavy wire screening on the windows of the police department today to guard the police radio from any attack. Bell said that the screens were being placed on the outside windows today and that he hoped to have wire grills placed on the office windows inside the building very shortly.

Crouse said that Kalbfleisch had asked him to make a survey of residents in the vicinity of the reservoir and to have them sign up for civilian defense.

Judge Kalbfleisch then suggested that these volunteers be trained in auxiliary police duties by regular members of the Mansfield police force, according to Crouse

Crouse is to make a report to Kalbfleisch's civilian defense committee after completing his survey. In addition to the volunteer unit, Crouse has suggested that some type of alarm be installed at the reservoir so that the guard on duty can give the alarm immediately.

MAKE DEMANDS FOR DOG FUNDS

Bromfield, Civic Groups Want More 'Humane Way' To Handle Strays.

please anyone in the delegation—not even Philip Wolfe, chairman of the Humane society, who said he would have to call a meeting of the society next week to find out whether his organization would be interested in taking on the task of caring for homeless and injured dogs.

If the Humane society turns down the proposal, a committee will be named to study the problem and present the case again to the commissioners. C L Mitchell, chairman of the board of commissioners, told the group.

Although most of the delegation yesterday favored the immediate appointing of a committee, commissioners withheld action until they have a report from the Humane society.

Commissioner Ray Hout proposed the naming of a three-member committee, to include representatives of the Angell Refuge society, American Legion, and the Humane society.

To Bromfield's charge that "excessive" sheep claims are being paid, Mitchell said he watches the sheep market daily and was certain that the claims are "very reasonable." He said sheep in Richland county are more valuable than those in adjoining counties because they are of better quality. Mitchell is a member of the Ohio state fair board in charge of sheep exhibits.

Bromfield and Misses Helen and Florence Workman pleaded for a share of the county dog tag funds —possibly $1,500 or $2,000 a year —to finance a program that would do away with stray dogs in a humane way and help find the owners of valuable pets.

Commissioners said they had an opinion from Prosecutor Harold Lutz which said the Angell Refuge society, an incorporation, could not legally receive county dog funds because it has no adequate kennel or place for the care of dogs

Bromfield argued that there are adequate facilities at the Workman home, making the refuge society eligible for a share of the excess dog tax money.

MAJOR OCEAN BATTLE LOOMS

Nazis Mass Ships For Raid on Supply Lines; British Attack Battleship.

(Continued From Page 1)

Such a battle probably would require the mustering of powerful British sea power.

The Tirpitz alone is a dangerous foe. It is the sister ship of the sunken Bismarck. The dreadnaughts officially are rated at 35,000 tons but have been estimated by British naval sources as much as 45,000 to 50,000 tons.

Should the Germans manage to repair the battered Scharnhorst and Gneisenau, 26,500-ton battleships, and send them to Trondheim the British would be faced with possibly the most dangerous sea challenge of the war close to her home waters

It was presumed that the German naval concentration was timed to operate against the probable big increase in shipping to Russia coinciding with relaxation of the winter's grip on north Russian ports.

Russians Report Big Nazi Attacks, Losses

BULLETIN

(By Associated Press)

Russia's armies were reported today to have broken through German lines guarding the direct approaches to Smolensk, key Nazi stronghold 230 miles west of Moscow, and front-line dispatches said German positions on the whole vast region north of Smolensk were now endangered by the Soviet counter-offensive.

MOSCOW—(INS)—Furious Nazi attacks on the central (Smolensk) front were reported today by the Communist newspaper Pravda, which said the Germans were suffering heavy losses in men and equipment.

Simultaneously, the Soviet high command and other reports told of terrific German air losses in recent sky combats.

Moscow authorities said the Germans have been unable to wrest the initiative from the Soviet forces as aerial warfare intensified. Altogether, it was claimed, the Germans have lost 576 planes in the past two weeks as against 127 planes lost by the Russians.

The midnight war communique said that in a single day, March 9, the Germans lost a record-breaking 83 planes. On March 10, the communique added, the Germans lost 19 planes and the Russians lost five.

All along the front, the high command declared, Russian troops were continuing their "offensive battles."

A new war bulletin issued at noon said offensive operations continued through the night on some sectors of the front.

Germans Claim 17 Merchant Ships Sunk

BERLIN—(By Official German Wireless) —(INS)— The German high command issued a special communique today claiming 17 enemy merchant ships totalling 109,000 tons, a large coast guard vessel and a submarine chaser have been sunk by U-boats in north and central American waters.

The communique claimed one German submarine penetrated into the inner harbor of Port Castries on the British island of Santa Lucia, sinking two big ships anchored at the quay and a third ship in waters around the island.

U. S. FREIGHTER BELIEVED LOST

Naval Officials Report Ship Sunk By Attack.

SAN FRANCISCO —(U.P.)— The 12th naval district reported today that the 3275-ton Matson line freighter Malama, carrying a crew of 33 men was believed lost in the south Pacific.

It quoted a British admiralty announcement listing the vessel as "lost by surface attack" Jan. 1. The Malama sailed from San Francisco Nov. 29.

The ship, second Matson freighter lost to enemy action, was in command of Capt. Malcomn Peter, San Mateo, Calif. The SS Lahaina was sunk by a submarine near Honolulu in December.

AN INDEPENDENT NEWSPAPER

MANSFIELD, OHIO, THURSDAY, MARCH 12, 1942.

And to think that not long ago the big problem was to find use for the "new leisure."

If this is the sort of winter weather the groundhog had in mind, he's to be complimented on his selection.

Suggestion: Don't be in a big hurry to buy a horse and buggy—even in the "good old days" few people living in town could afford such luxury.

War Makes Precautions Necessary

PROBABLY the least of things to be worried about locally is that the publicity given to laxity in guarding Mansfield's water sources might supply information to potential saboteurs.

In a recent series of articles by James R. Young, which appeared on this page, the writer told about subversive activities of Japanese on the West Coast, and of their detailed knowledge of vulnerable spots. This was also apparent at Pearl Harbor and many other points of Axis attack, where fifth-column intrigue was a potent factor in opening the way to actual military action.

None except the most naive would believe that Mansfield is entirely free from enemy sympathizers or agents, ready to carry out instructions from their masters, and while some of these may be under surveillance, experience elsewhere, under similar conditions, has been that entirely unsuspected persons bobbed up at the proper moment to take positions of authority under Axis domination.

This does not mean that "witch hunting" tactics should be adopted, or that there should be a spread of suspicion against aliens in general, or against those whose racial origin traces to Axis nations—but it does mean that unvouched-for strangers of Axis extraction may well be checked up on and all reasonable precautions against possible acts of sabotage taken promptly.

Now that it is known that the war department and the state health department consider guarding the city's water supply as a matter of vital importance, which accords with Mayor Locke's early action to place guards at Woodland reservoir and Maxwell springs station, the need for greater vigilance at these posts may become better understood.

Gambling Retards War Financing

MILD police action against illegal gambling operations in Mansfield makes a start—but by no means equals the moves under way in many other Ohio cities to enforce anti-gambling laws.

It appears that in Mansfield the order extends no further than to "money boards and dice games" which constitute no more than a small fraction of the weekly "take" of the gambling racket in its wide open operation here.

"Some of the proprietors have been stepping out of bounds," Police Chief Bell is quoted as having said, and further explanation of the extent to which these locally prescribed "bounds" conform to anti-gambling laws would be interesting.

In addition to all the other forms of illegal commercialized gambling that have been either sanctioned or condoned in Mansfield, a lottery scheme under the guise of "insurance" has been developed on a weekly payment basis, which offers a one to approximately 60,000 chance of winning, and which has been reaping a rich harvest for its groups of promoters.

Now, more than under ordinary conditions, commercialized gambling is diverting huge sums of money needed for the national war effort into channels which enrich a small group of unscrupulous operators and serve to reduce the amount of money which thousands of gullible victims would otherwise be able to invest in war stamps and bonds, to use in paying income taxes or to meet increased living costs.

Unless otherwise influenced by expression of public opinion on the subject, the customary attitude of city administrative officials is to disregard anti-gambling laws—although this invariably leads to public suspicion of connivance and graft.

Liquor licensees, including private clubs, are not permitted to operate any kind of gambling device on their premises. Just why the very plain Ohio law on this subject should not be enforced against commercialized gambling in general is not clear.

'Bowling Co-ordinator' for OCD

SO MANY nutty notions have crept into what is intended to be "civilian defense" it is not surprising that someone should have seen a crying need for a "bowling co-ordinator," with enrollment of 25,000,000 men, women and children in a gigantic bowling "project."

Bowling is the preferred sport of some people, just as other forms of exercise have their adherents and fans, but this is an activity which each community seems entirely competent to handle for itself instead of being dependent on federal "co-ordination" at the expense of taxpayers and disguised as "civilian defense."

If James M. Landis, director of OCD, was sincere in his expressed intention to strip civilian defense of its "frills and furbelows" we will hear no more about a "bowling co-ordinator"—except possibly an announcement that the idea has been abandoned.

Coal Becomes More Than Fuel

PICTURES have recently been published showing a new plane built almost entirely of plastic materials. Unbelievable as it may seem, coal supplies essential ingredients for many of the plastics used in modern airplane construction—for wings, fuselages, fairings, radio antenna masts, trim tabs, control pulleys, pilot switch panels, cabin ventilators and cameras.

The designers and builders of airplanes are finding that plastics from coal provide essential materials for building stronger and better planes.

Also plastics produced from coal furnish materials for hundreds of other articles such as pencils, clocks, raincoats, battery boxes, air-conditioning grilles, radio cabinets, table tops, etc.

Chemicals from coal contribute to the American way of life, in road construction, medicines, weed killers, automobile tires, clay pigeons, telephones, wood preservatives, etc.

Few persons realize that the chemical industry, in conjunction with natural resources industries such as mining, oil, timber and power, have been quietly revolutionizing and improving American standards of living. This is but another triumph to chalk up for individual opportunity and enterprise in America.

Fear Boom, Crash, Depression

—By CHARLES P. STEWART

MRS. ROOSEVELT'S suggestion that maybe America's general public is looking more alertly into the future than certain congressmen are doesn't set very will with some of the national lawmakers.

They complain that the first lady's position gives virtually official weight to her utterances and yet she isn't in the least officially responsible for 'em.

Nevertheless, there's considerable wondering on Capitol Hill if she isn't right in her prediction that the men who have the present war to fight will refuse to tolerate a subsequent boom, crash and depression period such as followed the last conflict.

Her forecast is that, upon peace's return they're going to insist on employment to support themselves and their families adequately and that the government will have to see that it's provided—or else, so to speak.

Supposing that, despite all warnings, we do have a post-war boom, crash and depression, like the previous series of them, it isn't at all clear that the government will be able to do toward counteracting 'em. New Dealers, to be sure, maintain that their social and economic measures got us out of our preceding slump. There are others, though, who contend that our 1920's and early 1930's hard times simply wore off in the ordinary course of nature, without the New Deal's remedies having had much to do with the improvement.

Be that as it may, it's a fact that, in this instance, we're experimenting in advance with preventive medicine that wasn't even given a trial at World Conflict No. 1's start.

It Just Happened.

What was due to happen afterward wasn't given a thought then.

When we began to inflate, we simply inflated. That is, we boomed and all authorities agree that a boom leads up to a crash and depression as inevitably as our seasons succeed one another.

Now we're administering inflationary-preventive prescriptions as energetically as we can make the patient take 'em.

Nobody disputes that the treatment's correct in theory. The only question is whether or not the dope will prove efficacious. Naturally we can only answer that question by observation of subsequent developments. If we really don't inflate materially, we'll know that economic doctors of Leon Henderson's school were correct as to the dosage they're pumping into us. If we inflate, anyway, until we burst, we'll know the other thing.

And if the stuff does work satisfactorily, why won't it begin to look as if we ought to have a couple of wars per generation?—provided we can't cut 'em out altogether.

It's a commonplace that a generation that's had a war has had enough, but that the next generation, not having been through it and consequently having no recollection of its horrors and the almost worse horrors of its aftermath, wants one for the sake of the experience and plunges into one, with no notion of what it's bound to wind up in.

World war No. 1 was a sample of it, so far as the United States was concerned.

We hadn't had a war of any consequence then more recently than the War of Secession, which was followed by a ferocious spell of hard times, but hardly anyone was still alive who remembered 'em. Consequently nothing was done toward preventing a similar spell at World war No. 1's end, and it came automatically.

Depression Still Vivid.

At today's juncture, though, 1920's depression remains perfectly fresh in the memory of everybody except the very youngest of us.

Hence all the precautions we're attempting.

Later, with peace reestablished, we'll learn how effective they've been.

We know today what happens when war ends but we haven't had a chance yet to determine certainly how to KEEP it from happening.

Man About Manhattan

Funny Stuff

—By GEORGE TUCKER

NEW YORK—This is the silliest thing I ever heard of. A movie columnist who is widely syndicated says he isn't going to pan any bad movies or bad acting until the war is over. "I think this is the time for unity," he explains.

Unity between critics and producers? What sort of double talk is this? Suppose book reviewers, music critics, drama critics, prizefight referees, and magistrates in the criminal courts would leave off adverse decisions until the war is over. No doubt the playwrights and the bad directors and actors would enjoy this very much, along with the wife-beaters and the crooks, but I fail to see what effect this would have on the Germans or the Japanese.

YOU know how it is, some guys just make you laugh, and others leave you cold. . . . Bob Hope, I just have to think of him to start laughing. . . . Why? I dunno. It's the things he says, and the way he says them. . . . For instance, that patter about his dogs in "They've Got Me Covered." . . .

"The first things that greet me when I arrive home from the golf course," says Bob, "are my dogs. I have a black Scottie and also a Great Dane, which was given me by a friend when I arrived in Hollywood from the east. Although he ate every much at the time, I kept him. . . . I figured if things got too tough with my picture career, I could ride him back east. My Great Dane's name is Red-Son. He came from a litter of five. He was third, and paid six-forty to show. Originally he was named 'Dark Cloud,' but then I changed it so the California Chamber of Commerce would take their pickets away."

That's Hope, and to me it's funny, yet some other comic could say the same words, and it wouldn't be funny.

* * *

SPEAKING of comics, Eddie Cantor thinks comedians have a tremendous responsibility during these times. "In what way?" I asked him.

"In this way," he replied. "The six top flight comedians in the country who have radio programs make at least 90 million people laugh every week. In some countries, people go for months without a laugh. That's why the laugh-getters of America have a double responsibility."

* * *

CANTOR neither smokes nor drinks. He sells tens of thousands of dollars' worth of tickets to relief benefits for the armed services.

"How do you do it?" I asked.

"You know I don't drink," says Eddie, "so if I invite you to a cocktail party—look out. There's a catch to it somewhere."

Japan Emphasizes Race Issue In Propaganda Appeal to Filipinos

—By DREW PEARSON and ROBERT S. ALLEN

WASHINGTON—Japan's sub rosa propaganda campaign among the Negroes is not expected to get anywhere in this country. Colored citizens have been among the most patriotic in joining up. However, it is another matter in the Philippines, where Jap propaganda seems to be having some effect. That is why MacArthur ordered a lot of propaganda leaflets.

Reports received here are that high Filipino officials have gone over to the puppet Japanese government much more than the public realizes.

Among them are the following:

Claro Recto, formerly a supreme court justice, and former counsel for foreign gold mines, now new puppet minister of education.

Jose Yulo, former minister of justice, and speaker of the house, now chief justice of the Philippines.

Antonio de las Alas, a Harvard graduate who was former minister of the interior, now minister of interior in the puppet cabinet.

Speaker Paredes of the house of representatives and former commissioner in Washington, now reported in the cabinet.

While some of these may have been motivated by necessity and a desire to protect the Filipino people by co-operation, nevertheless the Japs' chief appeal has been on social grounds. The Japs have rubbed home the fact that Filipinos were not admitted to American clubs, and this caste distinction, as least with some Filipinos has erased all of the excellent colonization, the prosperity and the virtual independence which the United States had given the Filipinos for years.

Note—Intelligence reports from the Orient indicate that in some areas almost as much damage has been done by Japanese social propaganda as by Japanese bullets. It had something to do with the fact that the British could not make a last ditch stand at Singapore. And it had a great deal to do with the speedy Japanese successes in Burma. Burmese even staged disastrous insurrections behind the British lines.

White House Nepotists.

CAPITOL HILL isn't the only place in Washington where nepotism is practiced. In the White House, is William H. McReynolds, personnel administrative assistant to the president, leading authority on civil service, and a career man who has been on the federal payroll 35 years. McReynolds can expound by the hour on the glories of the "merit system." But he also knows how to make it pay personal dividends.

Four members of McReynolds' family are holding down nice-paying government jobs.

There were five until a short time ago. But one of them, Mrs. John Holmead, a daughter, quit her $4,800 a year job recently. Previously, she had come to public attention by skyrocketing overnight from a $1,800 clerkship to personnel chief at $4,800.

Latest McReynolds' kin to get a berth on the public payroll is a 22-year-old daughter, Mrs. Katherine Britt, a $1,800-a-year secretary in her potent father's office.

Further, Mrs. Britt isn't the only member of her own family drawing a government pay check. Her husband, M. G. Britt, has a $3,200 job in the food section of the War Production Board.

His rise to this pay scale is almost as spectacular as was that of his sister-in-law, Mrs. Holmead.

A little over a year ago, before he became a McReynolds' son-in-law, young Britt was a messenger in the old OPM at $1,080 a year. He vigorously insists that his "success story" rise was not due to his marriage, and cites as proof the fact that his latest promotion was prior to his wedding.

"I got it entirely through my own ability," he declares. "Mr. McReynolds had absolutely nothing to do with it. In fact, I didn't meet him until a few months ago. I met my wife in December (1941), we became engaged two weeks later and were married in January."

At the time he was making his meteoric rise, however, his future sister-in-law, Mrs. Holmead was a high official in the OPM's personnel office.

The other two McReynolds' relatives on the government payroll are Mrs. Holmead's husband, drawing $3,800 as a Procurement Division employe, and his father, John Holmead, sr., getting $2,300 with the Farm Credit Administration. With McReynolds' $10,000 a year, the combined "take" for the family is $21,000.

Note—Another White House big-shot who has a relative on the government payroll is Lowell Mellett, head of the office of government reports. Dexter Keezer, Mellett son-in-law, recently was made $8,000-a-year chief of the consumers division.

FOR some quickly-read and sound advice by real experts on what to do in the event of air raids, get the newly published handy book, "Civilian Defense of the United States," by Col. R. Another newly published small book that will be very helpful in understanding military developments is "Defense Will Not Win the War" by Lt. Col. W. F. Kernan of the regular field artillery. . . . The internal rowing among Tammany chieftains and Mayor LaGuardia's scrapping with high municipal officials whom he appointed is causing a lot of private satisfaction in political circles close to James A. Burke, president of Queens borough. Burke has secret mayoralty ambitions and the tribulations of Tammany and LaGuardia are grease to his political wheels. . . . Henderson's price administration soon will crack down on tire bootleggers, especially in Pittsburgh and Washington. . . . Dr. Conti, German health leader, has given a confidential report to the German high command regarding an alarming increase of rheumatism and TB in Germany. . . . The WPA will be used to collect scrap iron on farms throughout the U. S. A. So far, the scrap iron collection campaign has flunked badly. Thanks to the state department, we could sell scrap to Japan, but we are slow in collecting it for our own open hearth furnaces.

Watching Trends

—By JACK STINNETT

WASHINGTON—The capital in wartime:

The "District" and adjoining counties in Maryland and Virginia had their first all-night blackout the other night, and officials said it was practically a 100% success—if you can call row after row of darkened residence and business buildings a success.

Fact is, the blackout failed in two important respects:

1. Government buildings (except the White House!) were ablaze with light.

2. Many people simply turned out their lights and went to bed or the movies. Thus, while their homes were dark, they weren't doing what civilian defense officials wanted them to do, and that was to make real preparations for a real blackout—like putting up black curtains and such.

* * *

BY AND large, lights from homes were so scarce that they they drew special comment from air raid wardens when a few did pierce the gloom. But Chairman McCarran of the Senate District Committee, on an inspection tour with James M. Landis, national director of the Office of Civilian Defense, commented:

"If the federal government is to remain here during and after an air raid, those buildings that stand out prominently should certainly be blacked out. They make a wonderful target."

Col. Lemuel Bolles, District defense executive, who described the blackout generally as an example of "free men disciplining themselves," explained ruefully that District authorities have "no control" over federal buildings.

THE only thing we have to fear is fear itself . . . which paralyzes needed efforts to convert retreat into advance . . ."

President Roosevelt didn't make any speech as he entered his tenth year in the White House, but if he had he might well have repeated the message of his inaugural address on the bleak March day in 1933 when he told the nation he would ask for power "as great as the power that would be given to me if we were in fact invaded by a foreign foe."

The president took little time at all to observe the passing of another year of his stewardship. He went to church, but there was no sermon—just prayers, prayers for help in accomplishing his cruellest task, "to convert retreat into advance."

* * *

YOU'D think the stories of crowded Washington would make everyone stay away who didn't really have to come here.

But you can't scare the Daughters of the American Revolution! Their by-laws call for them to meet in Washington the week of April 19 (anniversary of the Battle of Lexington), and they're determined to do it.

Already, however, it's apparent there won't be hotel rooms for the thousands who usually attend the DAR's annual "Continental Congress." In January 665 rooms had been booked, but at latest reports hotels had cancelled more than 150 reservations. More may be dropped because the hostelries have pledged themselves to take care first of people who come here on war business.

A Farmer's Diary

Pond Lily

—By CALVIN A. BYERS

THE best sight I have seen today was the unfolded water lily pad down on the pond. The biggest farm news—and typical of all nature now—is that new life is burgeoning.

A month ago, just after the zero weather, the pond seemed barren. No lillies were visible—only murky greenish slime, and I remember wondering whether the chill had killed them. Each morning, dipping up water in a pail for the thirsty stock, I had occasion to notice any change. At first I saw red-brown stems start up from the ooze. Unpromising they looked, without claim to beauty, floating on whatever current came their way, but stretching, stretching up to the top of the water.

Whatever urge propelled them seemed deeply rooted, for they did not hesitate in their upward course—not one turned back toward the ooze again. Yesterday small dots on the surface of the pond were like red noses peeping through.

Today the sun shone and the eaves were dripping. Snow on woodsy slopes gleamed white among the trees, but open spots had melted. A red bird whistled on the slope, the crows were cawing. Before noon the upper layer of frosty soil had melted—and on the surface of the brimming pond, like russet-red islands of promise, the first lily pads of the season had spread themselves.

They will soak up sunshine and carry it below. Week by week they will grow greener and more luxuriant. Then, almost over night, hidden buds will loom and burst into gorgeous waxy cups of pink, white and canary yellow. From then on, through the sunny summer days, they will never stop blooming.

Each year the roots grow more matted and more sure. Every spring we give roots away to our friends, but every year a myriad small new plants start up again.

TO BE a water lily and find your place in the sun, here is what to do, as I have observed it. First, don't despise your native ooze—put your roots down deep and make it proudly nourish you. (If they are healthy roots, they are good enough, even though they derive from the humbler varieties of stock.)

Then, begin where you are, with what you have and know, and stretch—keep on stretching. Don't look back—don't worry! Bend, if you must, to the currents of the stream, but keep stretching toward the light, toward the top. Even before you reach it, begin to unfold and to soak up all the light you can. Then be glad, bloom, and enjoy yourself. Live, every inch! Without knowing it, you will inspire those who look at you, and magically other roots will twine with yours until the whole pond becomes atwinkle with your own special kind of glory.

Youth Grows Up To Make Grade As Air Cadet

CLEVELAND—(INS)—Air Cadet Lawrence Kelley is in the Air Corps at Lowry field today because he made up his mind to grow an inch and a half taller—and did it.

In 1939, Kelley decided to join the Air Corps but was rejected by the recruiting office because his height measured one and a half inches short of the Air Corps' minimum—5 feet, 4 inches.

Ten letters from the army saying "no" to his request that his height be waived induced Kelley to join a gymnastic class and work out on the horizontal bars. He was 25 then and growth stops for most men at that age, but in a year of stretching he had grown an inch.

He wrote the army again, but once more received a negative reply.

The remaining half inch was just as hard as the first inch, but in April, 1941, he tried again and measured exactly 5 feet 4 inches. He got through his primary training and then took his basic training at Randolph Field, Tex.

He will be commissioned an officer in the Air Corps as a specialist in armament, which phase he is now studying at Lowry Field, Colo.

The "bell" with which moose are equipped serves no known purpose. It is a fleshy growth that hangs from the neck, varying in size from a mere bulge to a dangling, bell-like growth that may be as much as 12 inches long.

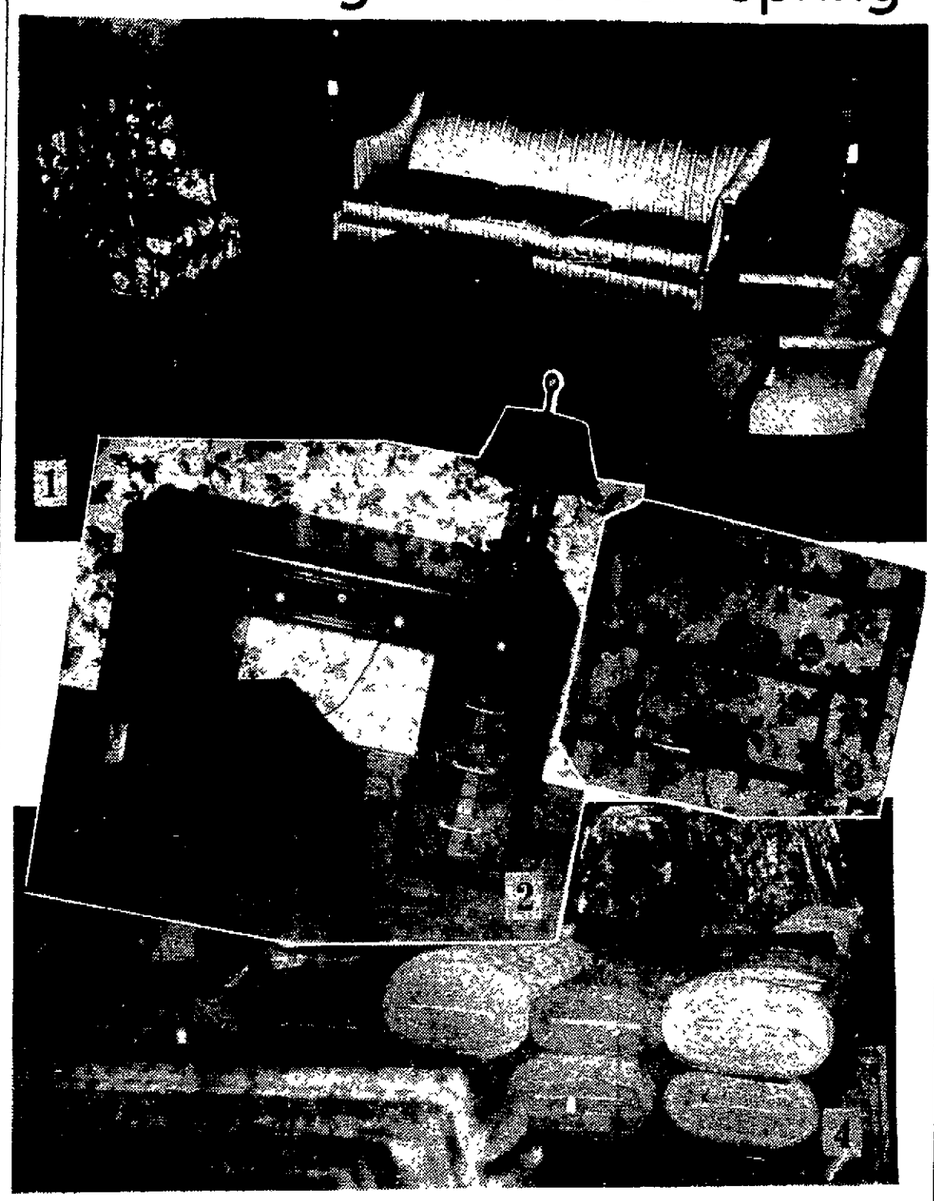
Home Brighteners for Spring



Although priorities will make it difficult to obtain metal furniture, carpets and household appliances this spring, American designers are showing an entirely new and attractive line of goods. Colors will be bright and yet have that comfortable look. In photo No. 1 is an Adam sofa in decorator stripe with solid mahogany front legs and trim. To complete the room you'll want one barrel chair for perfect lounging comfort and an occasional chair with a gay print design. The all-mahogany coffee table has a glass inset top. Lamps on the commode table are popular Tole lamps. An all American modern desk and chair set are shown in the photo No. 2. For that empty place on the wall you'll want a what-not shelf like the one shown in photo No. 3. Drapes this spring in printed faille and satin will come in bright colors in floral designs and stripes as shown in photo No. 4. Natural colors, rose, blue and aqua will be good. Kitchen curtain will take on the South American influence, with fringe and ruffles in the curtain spotlight. Names of stores where these articles can be purchased may be obtain by calling The News-Journal, 4251-6. Number of the photo and the page on which it appeared should be given.

Population of Hong Kong, not counting military personnel, totals 1,050,256 but without the Chinese refugees, it is only about 750,000.

START 'MOP UP' BOOK CAMPAIGN

Boy Scouts To Take Final Check of City Saturday For Contributions.

Mansfield Boy Scouts will stage the final "mop-up" in the Victory book campaign conducted throughout Richland county the past few weeks, to obtain books for the armed forces when they start out Saturday to answer calls from potential donors.

Stops will only be made at homes that notify Scout headquarters or the Mansfield Public Library prior to Saturday and the calls received so far indicate that only two Scouts will be needed in each section of the city.

Although the collections Saturday will wind up this feature of the campaign the library will continue to receive books and cash gifts for the purchase of books, according to Miss Lois MacKellar, Mansfield librarian and county chairman.

Approximately 2,200 books have already been shipped to camp and defense areas and 750 more appeal directly to women and children are awaiting shipment to defense areas where library service is inadequate.

Close to 7,000 books were collected throughout the county by the Scouts in two previous house to house collections but only about one-third of this number was suitable for shipment. The remainder were sold to obtain cash for the book fund.

VILLAGE HAILS VICTORIA AWARD

SYDNEY, N. S. W. — (U.P.) — News that Australia's third Victoria Cross of this war had been awarded to Pvt. J. H. Gordon caused great excitement in Gingin, W. A., his home town.

"I have known Jim since he was a baby," said the local postmaster, who had officially conveyed the news to Pvt. Gordon's mother. "He is particularly well liked at Gingin, and naturally we are all delighted."

Gordon joined the A. I. F. on Anzac day, 1940, and was married two months before sailing. He fought at Sollum and later went to Palestine, He was transferred to a South Australian battalion, with which he went to Syria.

Here's Preview of Women's Fashions for Coming Spring Season

War or no war, American women aren't going to look drab and uninteresting but are choosing spring clothes that are bright and ready-for-anything. All the colors of the rainbow including, bold plaids and prints in pastels, is being shown in suits, afternoon dresses and coats. In No. 1 Mrs. Charles Snyder, 100 Marion avenue, models a red wool tailored suit with a fitted jacket and pleated skirt. Her black rough straw hat it topped with red ostrich plumes and she is carrying silver fox furs. Accessories are in black and white. In No. 2 Mrs. Snyder is trying on a smart rough straw halo hat that frames the face. Her beige jacket is of gabardine. Putting your right foot forward this spring is going to be important because shoes are being chosen for comfort and walking to save tires on the car. You can't go wrong if you pick a pair of two-tone summer suedes like those in No. 3. They can be purchased in black, beige and blue trimmed with gold nail heads. In No. 4 Miss Helen Poulos, Bowman street, models a frock in a double measure of chic, combining giant prints with solid color. In No. 5 Miss Poulos wears a giant splashy print dress that will meet every occasion. In photo No. 6 Miss Poulos and Mrs. Snyder model a tweed swagger coat and a three piece suit of herringbone tweed in desert gold. The swagger coat worn by Miss Poulos is all wool with beige and tan plaid blocks. Her hat and accessories are in Georgia clay. Mrs. Snyder's boy coat is worn over a fitted dressmaker style jacket with a pleated skirt. Accessories are in orchid. Names of stores where these clothes can be purchased may be obtained by calling The News-Journal, 4251-6. The number of the photo and page on which it appeared should be given when calling.

POOR COMPLEXION?

Let this MEDICATED Cream help heal externally-caused blemishes

DON'T "cover up" a poor complexion! And don't think there's "nothing you can do" about externally-caused pimples, ugly chapped lips and rough, dry skin!

Take a hint from scores of professional nurses—who were among the first to acclaim the greaseless, MEDICATED cream, Noxzema, as a complexion aid! Since then it's been a thrilling discovery to thousands!

Noxzema does so much for poor skin because it's *not just a cosmetic cream.* It's *medicated*—not only helps smooth and soften rough, dry skin, but also *helps heal externally-caused pimples and blemishes.* And in addition it has a mildly astringent action!

SPECIAL TRIAL OFFER

For a *limited time* you can get a generous 25¢ trial jar of Noxzema for only 19¢ (*plus tax*) at any drug or cosmetic counter. Get a jar *today* and try it for just 10 days as a night cream and as a powder base. See for yourself how much Noxzema can do to make *your* skin clearer, softer, lovelier!

START PROGRAM ON PRODUCTION

Union Says Councils Will Be Organized In 30 Plants of Westinghouse.

"Production councils" with equal union and management representation and intended to increase output of war materials will be created immediately in 30 plants of the Westinghouse Electric and Manufacturing company, the United Electrical, Radio and Machine Workers of America (CIO) has announced in New York.

The 30 plants employ about 65,000 production workers, more than 80 per cent of them engaged in war work, the union's statement said.

The local councils will coordinate their efforts through the union's national office, which in turn will operate in conjunction with the Westinghouse national management as a sort of "top coordinating" council, the announcement said.

Sidney Earhart, president of local 711 of the union in Mansfield, said the new councils announced in New York would serve to coordinate activities of local groups with the same objective which have been functioning in Mansfield and other Westinghouse plant cities, with membership made up of union and company representatives.

Without Painful Backache

Many sufferers relieve nagging backache quickly once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills

SOCIETY & CLUBS

CLUB CELEBRATES BIRTHDAY WEDNESDAY

Mansfield Business and Professional Women Enjoy Dinner, Program at Mansfield-Leland Hotel Last Night.

MANSFIELD Business and Professional Women's club celebrated its 18th birthday with a dinner party at the Mansfield-Leland hotel last evening. Ninety-nine members and guests were present. Tables were beautifully decorated with old-fashioned bouquets of pink carnations and white stocks, and white tapers. Each place was marked with a "V" in the club colors of pink and green. In addition, the speaker's table was centered with a birthday cake which later was presented to Miss Sarah Krumm as a door prize.

Miss Mary Gruber, president, introduced Miss Rebecca Grubaugh, a charter member, who extended greetings to the guests. Miss Gruber then gave toasts to each of the club's past presidents in rhymes composed by R. H. Sotherland. Each was described and the highlight of each term was told. Past presidents in attendance were the Misses Mary Eggert, Fannie Rae, Marie Weil, Margaret Wheeler, Minnie Laudon, Grace Bonnel, Clara Miller and Nina Pollock and Mrs. Falsom Teeter. Mrs. Gertrude Kauffman and Mrs. Marvel Cowell.

Resume of outstanding items in the 18 years of club work was given by Miss Gruber. The glee club, directed by Miss Myrtle Booth, presented a group of enjoyable selections including "Beautiful Dreamer," "Now Is The Month of Maying" and "The Kerry Dance."

Mrs. Ross Cherry of Sandusky presented her entertaining program "The Bride Unpacks." When Mrs. Cherry walked into the room in her costume of 1860, she "brought to life" the charming person, Mary Louise Smith, who had just returned from her honeymoon at fashionable Saratoga Springs. She unpacked a trunk of wedding gifts which included articles in the style of that period: picture frames, albums, crocheted and knitted doilies for chair backs, hand-painted china and pillows, and pin cushions.

One Won One Class Enjoys Irish Program

The One Won One class of the United Presbyterian church met Tuesday evening with 51 members and guests in attendance. A covered-dish dinner was enjoyed. St. Patrick's day decorations were used on the table. Mrs. H. E. McClure had charge of devotions and the business session was conducted by the president, Leonard Ebbert.

An interesting program was presented. Mrs. R. F. Miller read an enjoyable story by Richard Maxwell. Irish melodies were presented and "The Life of St. Patrick" was told by Mrs. Ralph Dickson, who also entertained with a humorous Irish story.

Committee in charge for the evening was comprised of Mr. and Mrs. Frank Leavitt, Mr. and Mrs. Harold Moore, Mr. and Mrs. Ralph Dickson and Mrs. C. I. Steffey. Next meeting will be held in the church parlors on April 14.

Program Given At Circle Meet

Good Cheer circle members of the South Main Street Evangelical church held a meeting in the church parlors Wednesday evening. Devotions were led by Mrs. Doris Robinson. Mrs. C. H. Ortman conducted the business session. Mrs. C. F. Wolfe gave an interesting talk on the Philippine Islands.

A vocal duet was presented by Mrs. George Burns and Mrs. C. C. Hughes. Ronald Kern gave a reading. Luncheon was served by the hostesses, Mrs. Doris Robinson, Mrs. R. J. Chamberlain and Mrs. Oscar Gregg. The next meeting will be held April 8, the place to be announced later.

Quiet Ceremony Solemnized Here

A quiet ceremony was performed before the altar of the First Methodist church by Rev. E. G. Corwin on March 8, uniting Mrs. Kathryn De Yarmon of this city and B. E. Hartman of Shelby. Mr. and Mrs. T. G. Shenberger of Cleveland were attendants for the couple. Only the immediate families were in attendance.

Mr. and Mrs. Hartman left after the wedding to spend a few days in Michigan. Mr. Hartman is employed by the W. C. Gump company in Shelby. For the present, the couple will reside at 35 Baldwin avenue in this city.

NAVY MOTHER'S.

Plans were made for a benefit card party to be held April 6 at the American Legion home at a meeting of the Navy Mothers' club held Wednesday evening in the Legion home. Mrs. Florence Blunk, president, conducted the business session. Four new members, Mrs. Mary Leech, Mrs. Cora Frye, Mrs. Mabel Harington and Mrs. Ruth Fichter, were welcomed into the club. The next meeting will be held March 25 at the American Legion home.

Dinner Dress

The Femme Fatale mood is well served by this slinky black dinner dress with draped front and elbow length sleeves. The girl is Brenda Marshall, all set for an important evening.

MERRI-GALS CLUB.

Hostess to the Merri-Gals at her home Tuesday, was Mrs. Michael Augustine, 396 West Sixth street. Prizes in bingo were won by Mrs. Joseph Stancato, Mrs. Fred Bonati and Mrs. Peter Messer. Luncheon was served at small tables. Guests were Mrs. Thomas Santoro and Mrs. Joseph Saprano. Mrs. Michael Filipelli will have the next meeting at her home on South Diamond street.

JOINS FRATERNITY

BUCYRUS — Charles Truax, son of Mrs. Helen R. Truax, has been elected to the Phi Beta Kappa national scholastic honorary fraternity at Ohio Wesleyan university where he is a junior. Traux was one of seven juniors elected to membership.

HOLD RECEPTION

ASHLAND—A reception for Frank L. Hicks, new pastor of the Methodist church, Mrs. Hicks and their daughter, Dorothy, will take place at the church Friday night. The reception will be preceded by a fellowship supper. The Young Adult group and the Women's Service division of the church are in charge of arrangements.

Violin Pupils Give Recital Wednesday

Violin pupils of Mrs. Daisie Gibson who are in elementary or junior high schools gave their monthly recital of classical selections at the Gibson home on West Fourth street Wednesday evening. Guests were other pupils of Mrs. Gibson. Taking part in the program were Edwin Cook who was accompanied at the piano by Douglas Black; David Ganyard, accompanied by his sister; Janice and Bobbie Troll, Judy McKenzie, Benny Landon, Kenneth Gettelman, Ruth Smith, Eugene Griesbach, Barbara Bailey, and Richard Griesbach who were all accompanied by Richard Simon. The next recital will be given in April.

Class Meets at Desterhaft Home Wednesday Night

Members of the Judean class of the Grace Gospel church held a meeting Wednesday evening at the home of Miss Pauline Desterhaft, Fifth avenue. Miss Mary Sawhill served as the associate hostess. Devotions were led by Miss Marjorie Smotherman. She was assisted by Miss Virginia Kindinger. During the business session plans were made to attend the Youth Conference held each summer at Beulah Beach on Lake Erie.

The class will also attend the concert to be given at the Grace Gospel church on April 4 by members of the choir of the Nyack Bible Institute of Nyack, N. Y. Luncheon was served buffet style from a long table decorated with green and white appointments. Twelve members were in attendance. Games and contests were played and prizes won by Miss Ruth Snyder and Miss Marjorie Smotherman. The next meeting will be held in April at the home of Miss Snyder on Bradford avenue.

ALL-DAY MEETING.

Women of the Fourth District of the First Lutheran church held an all-day meeting at the parish house on Tuesday. Garments were sewed for the Red Cross. A Pot-luck luncheon was enjoyed at noon. The short business session was in charge of the president, Mrs. Mary Stoughton. Another all-day meeting will be held at the parish house on April 14.

NAMED DELEGATE

BUCYRUS — Mrs. F. J. LaLonde of Leesville has been named delegate to the state home council meeting to be held in Columbus, June 16 and 17. Mrs. LaLonde will represent the Crawford county home council at the sessions when the county programs for next year will be outlined.

GETS DEFENSE POST

BUCYRUS—Miss Marjorie Wasson has been employed as full time secretary by the Bucyrus civilian defense and rationing office, which will be established at once at the Bucyrus armory. The office will be conducted under the direction of J. C. Hull, Bucyrus defense co-ordinator.

Party Given In Honor of Mrs. Lanehart

Mrs. H. L. Lanehart, who will leave the city April 1 to make her home in Washington, D. C., was honored with a party Wednesday evening at the home of Miss Louise Turner, 136 Rae avenue, by members of the Light Sunday school class of the First Presbyterian church. Mrs. Lanehart served as assistant teacher of the class.

Games and contests were played during the evening. The group presented Mrs. Lanehart with a gift. Luncheon was served at a long table decorated with patriotic appointments and centered with a cake in honor of the birthday of the honored guest. The next meeting of the class will be held April 14 at the home of Miss Margaret Lake, Woodland.

Party Honors Recent Bride

Mrs. Richard Porch, the former Miss Miriam Smith, was honored with a dessert-bridge and miscellaneous shower last evening at the home of Mrs. Fred Pattridge, 202 Rhein street. Associate hostesses were the Misses Doris Simmons and Merial Weber of Galion.

Guests were girls employed in the tabulating department at Lumbermens Mutual Insurance company. Recipients of high score prizes were the Misses Ruth Paessler and Ann McQuaid. The luncheon table was attractively decorated with yellow jonquils and lighted tapers. Mrs. Porch received many lovely gifts from those present.

* * *

WA-WA-TASSEE CLUB.

Wa-Wa-Tassee club members met Wednesday at the home of Mrs. Idella Eberhart, 523 Louise avenue. Prizes in card games were won by Mrs. W. H. Burkhart, Mrs. John Constance and Mrs. Robert Bair. Luncheon was served at small tables decorated in green and white appointments and mixed flowers. Mrs. John Schroeder will entertain the club on March 25 at her home, 500 Wood street.

* * *

THIMBLE CLUB.

Thimble club members held a meeting Wednesday at the home of Mrs. Emma Schmidt, Cline avenue. One guest, Mrs. Marion Perry, was in attendance. Luncheon was served at one o'clock at a long table decorated with appointments in keeping with St. Patrick's day. Sewing for the Red Cross and welfare was done during the day. The next meeting will be held March 25 at the home of Mrs. Harry LeClair, Lincoln Heights.

ENTERTAINS VISITOR

LOUDONVILLE — Mrs. Harry Bailey entertained a group of friends Tuesday evening at her home honoring Miss Marie Adams of Comersville, Ind., Bunco prizes were awarded Mrs. Horace Knipp, Mrs. Bernard Baer, Mrs. W. Ridge, Mrs. Kenneth Rosser and Miss Adams.

One room of the Carlsbad Caverns is three-fourths of a mile long.

Umbrella Skirt

Glamour is victorious even over wartime priority lists, as you can plainly see after a quick glance at the dinner dress pictured here. New note is the "umbrella" skirt, cut in bumbershoot sections which form an interesting drape. The wide bertha is made of cotton lace. The low neckline, "push-up" sleeves and unusual skirt treatment are all style headlines of 1942. You can't see the stockings in the picture, but they're undyed nylon, another item which pleases Uncle Sam.

TREAT FLAG WITH RESPECT.

The American flag should never be used in any form of advertising. No advertising signs should be fastened to a pole from which the flag is flying.

* * *

ANNUAL DINNER.

Annual dinner of the Entre Nous club was served at the Staiger Tea Room, Glessner avenue, at 6:30 p. m. Wednesday. After the business session five hundred and bunco was played. Next meeting will be held on April 15 at the home of Miss Callie Mengert, 117½ South Adams street.

MISS BETTY AUSTIN GIVES VOCAL RECITAL

Conversational Club Members Enjoy Program Which Follows Luncheon Wednesday at Women's Club.

MRS. WALTER WILLIS was hostess when 18 members and eight guests of the Conversational club enjoyed luncheon at the Women's Club on Wednesday. Those present were seated at a T-shaped table decorated with spring flowers. Visitors for the afternoon were the Misses Bertha Gregory and Thelma Reed, Mrs. George Kochenderfer, Mrs. Keneth Donelson, Mrs. J. A. Austin, Mrs. David Shelley, Mrs. Wickham Old and Miss Betty Austin.

The program was in charge of Mrs. George W. Hall who presented Miss Austin in a vocal recital. Miss Austin is a pupil of Florence Turner-Maley of New York City. Her selections included "Pastoral" from the opera "Rosilonda"; "Four Ducks on a Pond," by Meedham; "Distance," by Russell Wragg; "The Jewel Song," from "Faust"; "The Russian Nightingale," by Alabieff; "Smiling Through," by Penn; "The Little French Clock," by Richard Kountz; "Sweet Song of Long Ago," by Ernest Charles; "Three Little Chestnuts," by N. Clifford Page. Miss Austin concluded with a group of songs by her teacher.

Next meeting of the club will be held at the home of Mrs. A. L. Derr, Garfield Place, on March 25.

Mrs. Draffan Gives Program

Wednesday Study club members were entertained by Mrs. Philip Corey yesterday at her home, 808 Park avenue west. Mrs. Ruth Grimm was a guest. Program given by Mrs. George Draffan was a continuation of the "American Rivers" series. She gave a very interesting talk on the Hudson river, tracing its story through a study of the people who settled that region.

The dining room, where luncheon was served, was attractively decorated with forsythia. Mrs. John Hattery and Mrs. Draffan presided at the tea table. On March 25, Mrs. Henry Sanford will be the club's hostess.

Junior Auxiliary Meets at Home

American Legion Junior Auxiliary met recently at the Legion home with the following members in attendance: Norma and Jeanine Buzzard, Patricia Flood, Wilma Durant, Carol Hammond, Marilyn Bauer, Charlotte and Margaret Lemley, Marjorie Hegnauer, Jean Boylan, Alice Marie Brownscombe, Barbara Young, Marilyn Cook and Margaret Yoder.

Favors were made for the Fifth district conference to be held at the home on April 1. The favors are dolls dressed in pastel shades to correspond with other table decorations. Thirty-six of the dolls were finished at the meeting. Approximately 250 will be made by the Junior Auxiliary.

Pitfalls of Love

(A sequel to Marriage Meddlers)
By ADELE GARRISON

"YOU FEEL SICK, Missis Graham?" Gus asked, and the alarmed solicitude in his face and voice brought me back to sanity and banished my unreasoning panic, as nothing else could have done.

Was it possible, I asked myself scathingly, that my telltale face had betrayed my fear of this assignment on which my father had sent me?

"No, indeed, Gus. I never felt better," I prevaricated. "I hit the point of my elbow a few seconds ago, and you know how that hurts for a while."

"Sure, I know," Gus responded in a relieved tone. "It's your funny bone. Every time I hit mine, I want to fight somebody.

"You're sure you're all right now?" Gus queried anxiously.

"Perfectly sure," I reassured him, and then with a dread of his usual laquaciousness I provided myself with an escape.

"But I had very little sleep last night," I said "and if you don't mind, I'm going to lean my head against the side here and take a nap. Tell the driver to go up the Merritt Parkway to the turn off for Route 7, marked Danbury, then north on Route 7 to Kent. Just before he gets to Kent, waken me if I'm still asleep."

Fixes a Bed for Madge

"I'll do that," Gus said, "but you don't have to sit up. Just change to one of those pull-out seats for a minute and I'll show you something."

The next second he had taken the rear seat off and from the recess beneath it had drawn a capacious zipper bag. Then he put the seat back and opening the bag took out a dark pillow, an automobile blanket and a large paper bag, which in its turn disgorged a clean white pillow case and a pair of very narrow sheets.

As deftly as a woman could have done it, Gus spread the two sheets and the blanket on the rear seat, turned the upper sheet and blanket back, inserted the pillow into its white case and put it at one end of t' seat.

Order to Driver

"There," he said, "if you'll just give me your hat I'll put it on the ledge where it will be safe, then you can have a comfortable nap."

He put the zipper bag, which still was half filled, on top of my two bags and set them at the other end of the seat from the pillow.

"If you're a bit too long for the seat, and get tired of lying a little curled up, you can stretch out your feet and put them on this," he said. "Now, I'm going up front with the other two men. If you want anything, just speak my name and I'll come a running."

There was something so reassuring in his homely friendliness, that I should doze off occasionally soning panic fled from me, and a comforting, healing sense of safety pervaded me.

I had not intention of going sound asleep, however, although the prospect of lying down and resting comfortably appealed strongly to me, and I had no doubt that I should doze off occasionally before reaching Kent, where our real search for Thunder Mountain, the secluded Conneticut home of Prof. Walter Scott Diswell, would begin.

Driver Spies a "Tank"

But I had too much to plan, too much to think over, for indulgence in any real nap.

It was when we were miles from the city, and just entering the Merritt Parkway, that a low, cautious voice from the front jolted me away from all thoughts of the old professor.

"Did you see the tank that just passed us?" the driver asked. "It's a twin for ours. What d'ye suppose it's doing up this way?"

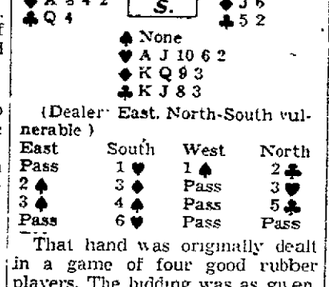
BARCLAY ON BRIDGE

By Shepard Barclay
"The Authority on Authorities"

SEEK THE BEST SCORE

Rubber players who don't like duplicate would help themselves by giving that game an occasional whirl. Perhaps the greatest thing duplicate can do for your rubber bridge is to teach you the value of seeking the most profitable contract on each deal, instead of merely the first good contract you see in sight. In the long run, a player who gains the extra points for heart and spade game and slams will have quite an advantage over the fellow who would just as soon make them in minor suits.



(Dealer: East. North-South vulnerable)

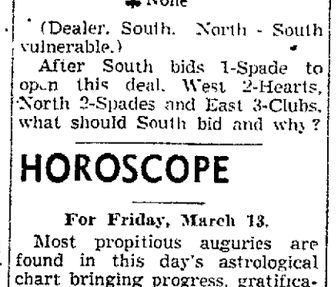
East	South	West	North
Pass	1 ♥	1 ♠	2 ♣
2 ♠	3 ♦	Pass	3 ♥
3 ♠	4 ♠	Pass	5 ♣
Pass	6 ♥	Pass	Pass

That hand was originally dealt in a game of four good rubber players. The bidding was as given, up to East's 2-Spades, but then South, who had learned his partner had a club suit, shown in a hand good enought for a free bid, hopped at once to 5-Clubs. It was made, plus an extra trick.

Notice the greater artistry of the bidding tabulated above, done by a pair of fine duplicate players when the deal was copied and put in duplicate boards See especially South's second call of 3-Diamonds. That put North in position for a No Trump game call if he had spades stopped. When North however, merely showed a heart preference, it advertised lack of safe spade stoppers, also exactly three hearts, as with four he would have raised hearts the first time instead of bidding clubs.

South having five of his suit, considered North's three enough to make a mild slam try then by cue-bidding the hostile spades Note that, though the pair was using the Blackwood convention, he did not employ it this time, as the number of aces held by North was not so important as whether he held an ace in one of the minors. North would not have cue-bid his club A except with some other honor strength in hearts or diamonds. The heart K was just enough. Let's not comment on East's bad double It merely made sure South would play the hand the way he should anyway. As the cards lay, the diamond A was the only loser after West led the spade 7 to the A, South ruffing.

Tomorrow's Problem.



(Dealer, South. North - South vulnerable.)

After South bids 1-Spade to open this deal, West 2-Hearts, North 2-Spades and East 3-Clubs, what should South bid and why?

HOROSCOPE

For Friday, March 13.

Most propitious auguries are found in this day's astrological chart bringing progress, gratification and happiness into all the paths of human experience, ambition and aspiration. The energies and faculties may be found greatly stimulated to exalted achievements, with powerful interests ready to co-operate in a solid and expansive manner. The element of friendship and social prestige may be utilized to the promotion of all objectives, and tokens of public acclaim and support are assured, but be alert to subtle pitfalls, treacheries and intrigue.

Those whose birthday it is may be at the threshold of a year of exceptional success, good fortune and personal felicity, with all avenues for happiness, achievement and contentment reaching advanced goals in whatever direction ambition may be concentrated. Promotion, preferment, friendships of the mighty, social and financial prestige as well as public recognition and domestic or affectional felicity should be assured. In all contacts be alert to minor treacheries or subleties.

CHILDREN'S MUSTEROLE MILD

Home-Mixed Syrup Relieves Coughs Quickly

Saves Big Dollars. So Easy! No Cooking.

The surprise of your life is waiting for you, in your own kitchen, when it comes to the relief of coughs due to colds. In just a moment, you can mix a cough syrup that gives you about 4 times as much for your money, and is amazing for quick results.

Make a syrup by stirring 2 cups of granulated sugar and one cup of water a few moments, until dissolved. No cooking needed—it's no trouble at all. Then put 2½ ounces of Pinex (obtained from any druggist) into a pint bottle. Add your syrup, and you have a full pint of really wonderful cough medicine. It never spoils, lasts a family a long time, and children love it.

This home mixture takes right hold of a cough in a way that means business. It loosens the phlegm, soothes the irritated membranes, and quickly eases soreness and difficult breathing. You'll say it's astounding in its action.

Pinex is a special compound of proven ingredients, in concentrated form, well known for prompt action in coughs and bronchial irritations. Money refunded if it doesn't please you in every way.

It pays taxes, pays workers, maintains morale, and can flourish on materials the fighting forces do not need . . . .

The women of America would clothe themselves in sackcloth—as they once, in pioneer days, clothed themselves in meal sacks—if it would help win this war. But now we are learning that doing without may harm a nation as greatly as having too much.

And what will you buy? Awake to the stern realities, you will buy some of your clothes with the objective: hard usage. You will buy some of your clothes with the objective: flattery. But you will buy all of them with the objective: suitability and taste. And then you will buy clothes, too, because you love them, because the men in your life love them. You will buy them for the sake of your morale—and the morale of others.

TEACHERS IN RURAL SCHOOLS JOIN PROGRAM

They're Being Instructed To Emphasize Conservation of National Resources.

Teachers in Richland county rural schools will be asked to offer instruction in the conservation of natural resources as a part of the nation's war program, County Superintendent Boyd Robinson said today

Books on conservation history and practice will be distributed to superintendents and teachers for use in the training, Robinson said The books were prepared by the Ohio Division of Conservation and natural Resources in co-operation with the state department of education.

The plan calls for instruction in all grades in soil conservation and the protection of birds, wildflowers, animals, and trees. It was understood there will be no special classes, but emphasis will be placed on conservation in connection with other classes and extra-curricular activities in the schools.

"The place to begin training in the appreciation and protection of our natural resources is in the first grade of school," Robinson said

"People are too much in the habit of thinking that we can use all we have now and trusting to luck for more of the dwindling resources later," he added

Since the cost of paper is increasing rapidly because of the war, Robinson said teachers in a number of the county schools are keeping the pupils' tablets and allocating writing paper as needed He said the cost of pencil tablets has increased from five to eight cents.

Purdue Grad Says Counting Sheep, Reading In Bed Doesn't Help.

(By United Press)

INDIANAPOLIS, Ind -- Going to sleep is just a matter of mental discipline, counting sheep, reading in bed, listening to music is all nonsense and won't help a bit according to Miss Martha Alden, a Purdue University graduate.

Miss Alden had no intention of becoming an expert on the matter of sleeping when she was graduated from college with a home economics degree, but she became a stylist and consumer guide for a firm manufacturing sheets and after every lecture a large percentage of her audience interrogated her on the problem of sleeping

Anyone who knows all about sheets should certainly know how to get some sleep on one so Miss Alden studied the problem and learned what causes wakefulness.

The real reason some people can not sleep is because they want to lie awake and worry, Miss Alden declares In order to sleep you have to stop worrying and relax. Lie on your back, stretch your arms, clench your fists and then let yourself go, lie on the bed face down grasp the bedposts and stretch, then relax draw up your knees tightly to your chest, tense the muscles, then let your legs drop on the bed Those, one or all of them, are the cures for insomnia in Miss Alden's school of thought.

GEN. JOHNSON:

By GEN. HUGH S. JOHNSON

WASHINGTON — The recommendation of the Tolan committee that we set up a new civilian "war board" with absolute authority actually to make all purchases for the army, navy, maritime and lease lend organizations is based on a belief that "failure to organize the domestic front for the battle of production has already been translated directly into serious defeats... Total war requires that our vast economic system be operated along the organizational lines of a single industrial plant."

Gen. Johnson.

That basic belief is 100 per cent correct, but the means suggested to make it effective is our old stunt of piling one inexperienced new Washington organization on top of several others on an untried and wholly illogical plan.

This war production problem is so vast and varied that a newcomer couldn't even take a good look at the whole of it without becoming bemused in bewilderment. It would take weeks for him to learn even its elementary geography and many more weeks to begin to make intelligent decisions.

We haven't developed any outstanding man in our months of effort, but we have educated a good many in at least what it is all about, and the organization is improving.

It doesn't make any difference whether they are soldiers or civilians, if they have learned their way around.

Certainly Donald Nelson and Leon Henderson, the two foremost figures at present, do not claim to be soldiers and many of their eager young assistants who wear shoulder straps exalted as high as a colonel's wouldn't know how to take a corporal's squad across the street.

They are mostly civilians in uniforms. The suggestion that the over-all board be composed of civilians doesn't mean much.

But, as the committee's basic belief that the country should be organized as a single industrial plant means everything. It is true that this hasn't been done—or even started. It never will be done by the single expedient of setting up a new board or commission in Washington.

The place to organize this country in that way is anywhere and everywhere but Washington. It can be done. I myself have seen it done twice—once for the first World war draft and once for the Blue Eagle—every city, county, town and village marshalled like the marching companies and regiments of any army corps in purely voluntary co-operation.

The great industries have to be mustered a little differently, as has been started, at long last, by Nelson's "industry committees." But that is only one small corner of the job and doesn't relieve the necessity of organizing also every little territorial community, giving every living soul something definite and worth while to do.

There are several kinds of national organizations for particular purposse such as the Red Cross. They are fine but we need a national organization to unify the whole effort.

The local and spontaneous plan to tabulate, organize and co-ordinate all the human and other resources and effort at Mt. Gilead, O., has been described here and elsewhere. There was some opposition to that excellent plan on the ground that it duplicated the place and effort of the local councils of national defense.

Yes, but those councils were not and are not doing the job, partly because they don't know what to do and partly because there is no inspired leadership to tell them and see that they do it.

We've got to have local organization here tied into a national leadership with inspiration, imagination, knowledge of the country and an infinite capacity for work.

BEGIN QUIET MOBILIZATION OF WAR LABOR

WPB Officials Lay Groundwork to Obtain 15 Million More Workers.

(By International News Service)

WASHINGTON — The groundwork was being quietly laid today for "total mobilization" to obtain the 15,000,000 additional workers needed in the nation's war industries by 1943.

War production officials predicted however, that all-out draft of men and women for war work will come through a gradual transition, and not as a sudden grant of authority to the government to conscript the citizenry for factory benches.

WPB sources said the initial move toward marshaling the country's manpower will be the occupational classification of the men between the ages of 20 and 45 who enrolled in the third classification last month.

Later there will be another registration for men between the ages of 18 and 65 who have not been enrolled in previous drafts. Occupational classification will be made of this group, and this inventory also will be extended to those previously registered when the draft was primarily aimed at obtaining manpower for the armed forces.

The occupational classification of this vast reservoir of manpower will be turned over to the United States employment service whose efforts will be directed toward placing them in war production on a voluntary basis.

Employment service officials will search out the talents and skills needed in war production industries and attempt to channel their owners into war work, it was explained. It will be voluntary, although those who decline face the possibility of being drafted into the armed services.

Next step probably will be the voluntary registration of women. More than 500,000 women are now employed in war industries, and the bureau of census, in an inventory of the nation's human resources, has acknowledged that millions of women will have to be shifted from housework into the labor force.

The bureau reported that approximately 15,000,000 housewives between 18 and 44 years of age represents the principal source for additional war labor.

Up and Down the Street

With the tire rationing problem so serious, Mansfield police were relieved last night to have a Mansfield resident report that he had found an auto tire rather than had one stolen. Harry Bowman, 303 South Main street, reported to police that he had found a fairly good tire and wheel abandoned in the front yard of his home. Police took the tire and are asking the owner to call and identify it.

Residents in the vicinity of John Simpson Junior high school within the next few days will be undoubtedly jarred out of their lethargy by the wails on a newly erected air raid siren on the school building. Principal H. J. Dotson said the motor for the siren arrived today and that tests on the equipment would be made shortly. The siren was loaned to the board of education for the duration. It is similar to the police sirens used in the business district and can be heard for several blocks, Dotson said.

Model airplanes of both the stofe and homemade varieties are due to be exhibited at the Mansfield Public library Saturday during the children's story hour at 9 a. m. Miss Myra Lorimer, children's librarian, has notified all schools in the city that the story hour this week will concern airplanes and has asked the boys and girls to bring their models.

Three boy truants from Lucas high school made the mistake yesterday of playing hookey in the courthouse where Attendance Officer Harry J. Sir Louis makes his headquarters. Deputy Sheriff Glenn Freeman and Tony Moritz, courthouse custodian, found the boys riding the courthouse elevator and took them to the county superintendent's office for a session with the attendance officer. They explained at first that they had permission of the Lucas superintendent to come to Mansfield on an errand. A telephone call, however, proved that was only an alibi. So Sir Louis told them to be back in school in 30 minutes or face trouble. They were hitch-hiking, but they made the trip back in record time.

NATIONALS ORDERED TO GET PREPARED

Fourth Army Commander Says They Will Be Treated With Fairness.

(By International News Service)

SAN FRANCISCO — Believed momentarily ready to order evacuation of Japanese aliens from prohibited zones on the Pacific coast, Lieut. Gen John L. De Witt, commander of the fourth army, today warned the nationals to get their financial and property affairs in order as fast as possible.

He promised fairness to the aliens by allowing them to dispose of their holdings, but warned they must settle their affairs quickly.

In view of the fact that the federal reserve bank of San Francisco and its branches in Seattle, Portland and Los Angeles have been designated by the treasury department to aid evacuees in disposing of their property, Gen. De Witt declared:

"Cooperation, speed and fairness are the keynotes of this program and expeditious handling of the evacuees' property is essential because of the urgency of the west coast situation."

In San Francisco a special office was opened by the bank to offer advice and assist aliens who face removal. It was formerly occupied by the Japanese-owned NYK Steamship lines.

As these final details were being ironed out before the actual removal of aliens began, the Federal Bureau of Investigation continued its roundup of suspected dangerous aliens.

In Medford, Ore., agents searched several homes and arrested an Italian who had contraband in his possession.

In Southern California, FBI men, aided by local officers, swooped down on the Riverside and March Field districts and by nightfall had taken 20 Japanese into custody.

Among the articles of contraband taken, the agents were said to have found Japanese bonds amounting to $250,000.

CONTRACTS TO BUY OTIS STEEL

Jones-Laughlin Purchase of Cleveland Firm Subject To Stockholder Vote.

PITTSBURGH—(INS)—Jones and Laughlin Steel corporation placed itself on the strategic Great Lakes production front today with announcement that it had contracted for purchase of Otis Steel company of Cleveland, a $39,000,000 concern.

The purchase, subject to approval of Otis stockholders on April 24th, marks J. and L's first expansion outside the Pittsburgh district in its 92-year history. It operates steel plants at Pittsburgh and Aliquippa, Pa., with an annual production of about 4,000,000 tons

H. E. Lewis, president of J. and L., announced the contract in a letter accompanying the annual report showing a net 1941 profit of $16,274,983 compared with $10,277,029 in 1940.

Acquisition of Otis, it was pointed out, will give J. and L. an operation and shipping point with access to the Great Lakes shipping facilities, permitting advantageous assembly of raw materials and more ready entry to many markets, particularly Detroit.

E. J. Kulas, president of Otis, would be elected to the J. and L. board of directors and vice chairman of its executive committee, to be associated in active management of the company, Lewis said.

'TIRED OF LIVING,' SHE PUTS ON BRIDAL FINERY AND HANGS SELF

(By International News Service)

CLEVELAND — A note saying that she was "tired of living" was the only reason police could give today in the suicide of Miss Martha Auber, 26, who was found hanging, dressed in bridal finery, from the transom in the rear of her west side home.

The young woman, who lived alone, wore a white wedding dress and a bridal veil. She wore long formal fingerless gloves and a pearl and a Mexican silver bracelet on her arms. She had a string of pearls around her neck and an engagement ring on the third finger of her left hand.

A note lying near the body was addressed to a former amateur boxer and stated she was "tired of living." The note asked that undertakers bury her near her mother and that she be laid out on her right side because she disliked "seeing people laid out on their backs."

Police said Miss Auber had attached a clothesline from her neck, through an open transom to the knob on the other side of the door and had apparently kicked away a chair from under her.

The man to whom the note was addressed was found at the fights at the Arena last night and he identified the body at county morgue. He said he had not seen Miss Auber since Christmas.

Neighbors quizzed by police said Miss Auber lived alone except when a man, to whom they thought she was married, was there.

BROADWAY

—By Dorothy Kilgallen

Cross Section of a Wow.

BECAUSE she represents what almost every girl in every town in the country had a moment of wanting to be before she became a school teacher or a stenographer or Mrs. Joe Doakes, it is sometimes fascinating to pick the Number 1 beauty from the cream of the Broadway showgirl crop and do a little statistical report on her antecedents, pulchritude, and probable destination. So I have done just that, and the victim, and new champion, is Miss Adele Jergens.

Kilgallen

When I say Adele is the current Number 1 showgirl on the Broadway scene, it is only fair to add that I am not discovering anything startling, like America or radium. I am sure if I called for volunteers I could get enough observing gentlemen to agree with me that it would amount to a stampede in Times Square.

* * *

Adele is blond, tall, and ripe-lipped, currently to be found on the stage of Eddie Cantor's "Banjo Eyes" and after the theater hour on the floor of La Martinique. Daytimes, when she's not sleeping or playing a matinee, she is a John Powers model. She leads a very busy life.

She was born in—yes!—Brooklyn, and it took her 22 years to look like she does today. She has had more beaux than any of her contemporaries of the ensembles, and most of her admirers have been wealthy, occasionally famous. They have included Al Jolson, Georgie Hale, Orrin Lehman, Horace Schmidlapp, and the bachelor Franchot Tone.

Most suitors, after they have taken her on a couple of dates, bought her a couple of dinners (an expensive procedure, because she is a heavy eater and likes nice food) and sent her a couple of orchids, fall deeply in love with her and want to marry her.

One bewitched admirer looked soulfully into Adele's eyes one night and begged, "Pinch me to see if I'm dreaming."

She pinched him so hard it was their last date.

* * *

Broadway Beauty Number 1 measures five feet nine, weighs 128 pounds, has a 34 bust, 24 waist, 36 hips, and blond hair that looks best when she lets it down. At the moment she is more interested in "getting ahead on the stage" than in romance, but that is no guarantee that by tomorrow night she will be head over heels in love with a saxophone player in Freddy Martin's band.

Contrary to the popular theory about ladies of the ensemble, she can read and write. She graduated from South Side High school, Rockville Center, at the age of 16, despite the fact that high school diplomas aren't awarded for pulchritude. She has gone to dancing school since she was nine; it was an Albertina Rasch Scholarship that brought her into show business. She danced in Europe under the aegis of Clifford Fischer, then with Georgie Hale, performed briefly as a Rockette, and subsequently made the bald-headed rows palpitate in "Leave It To Me," "DuBarry Was A Lady" and "Louisiana Purchase."

* * *

Her nickname is "Addie." One of her three brothers calls her "Cinderella Girl," because something good is always happening to her. She lives in uptown Manhattan with her mother, who serves her breakfast in bed every morning at 11:30, and her father who eats his breakfast in the kitchen before going to his real estate office.

Chatter Corner

Dr. and Mrs. W. B. Wild hurrying home to their young daughter after paying a visit to the state dental mobile unit while it was stationed downtown last night. . . . Mrs. Frank Duff lunching with friends downtown. . . . Mrs. S. G. Huber talking over Girl Scout plans with Eleanor Bond.

* * *

Mr. and Mrs. E. S. Weller expecting their daughter, Mrs. George Gillespie, to arrive from San Matoe, Calif., this afternoon for a month's visit. . . . Mrs. Claude Watts making a joking remark about boiling her drinking water. . . . County Health Nurse Mary E. Bushey studying a circular describing how to remove a person from a gas-filled room.

* * *

Margaret Stricker copying two pages of legal terms while visiting municipal court before learning that she was copying the wrong pages. . . . Lee Adams chatting at the public library while waiting for the start of a meeting of the Senior class "steering" committee for graduation.

* * *

Lydon Beam receiving congratulations by fellow-attorneys for his part in the Community Players offering Tuesday night. . . . Katherine Hartman hiking down Park avenue west lugging a cardboard carton. . . . Nurse Sybil Scott admitting that she didn't know Dr. I. E. Henry's given name although she had worked with him at the state dental clinic at Senior high school for the past two days.

GOES ON 'TOUR'

'Iron Lung' To Be Taken To Theater and Schools.

The "iron lung" purchased by McVey Post of the American Legion for the free use of Mansfield and Richland county residents will be transported to various institutions throughout the city on a "get-acquainted" tour, Sam V. Fox, post commander announced today.

Fox said that free transportation of the respirator had been volunteered by C. R. Deisler, agent of the Railway Express company, and that the instrument had been removed from the Richland Trust company lobby, to Mansfield General hospital where it will be a fixture following the tour.

The mechanism of the respirator and its operation was explained to the hospital nurses by a company representative this morning and another demonstration was given for physicians this afternoon.

Friday, the "iron lung" will be returned to the Richland Trust lobby where it will be on public view for the next few days and next week it will be located at the Madison theater.

Plans for a visitation to Mansfield Senior and Junior high schools in the near future are also being made.

Men's Clothes May Be Different, But Still Attractive

It's war time and already the government has issued orders for manufacturer's to stop putting cuffs on men's trouser's after March 30th. This means that most well-dressed men are going to choose spring clothes for comfort, wearability and in change-abouts, jackets that can be worn with different colors of slacks. Sports wear garbardines, flannel and tropical worsteds are appearing in the new shade of olive drab, tan, natural and blue materials. Joe Bauderer wears a striped jacket in air blue wool in photo No. 1 while examining another in a tan and gray plaid. Many men favor the mocassin type shoes in brown calf. (Photo No. 2) In No. 3 is a two-tone shoe that can be worn for sports and dress occasions. Charles Feinberg models a tan sport coat over natural covert slacks in photo No. 4. Shirt is in the new shade of dusty pink. For a rainy day you'll want a three-quarter length gabardine rain coat with vent pockets like the one modeled in photo No. 5 by Jack Saylor. Covert cloth "Victory slacks" are without cuffs. Names of stores where these clothes can be purchased may be obtained by calling 4251-6 between 8 a. m. and 6 p. m. Numbers of photos and page on which it appeared should be given.

THEATERS

Memorable Film.

Preserving the charm of the stage production, "Remember the Day," showing at the Ohio, returns Claudette Colbert to the screen as a small-town girl whose delightful characteristics are universal in women everywhere. The picture spans 25 years of American history and shows Miss Colbert as the inspiration of two men, one played by John Payne and the other by John Shepperd, who are destined to be of service to their country. Payne has the romantic lead in the role of a young lieutenant. The cast includes Frieda Inescourt, Ann Todd and John Seymour.

* * *

Streamlined Comedy.

"Bedtime Story," a streamlined comedy filled with amusing situations, opens Friday at the Madison to play through Tuesday. Loretta Young and Fredric March are teamed together for the first time. Miss Young as a Broadway star who would like to settle down and March as her playwright husband who has the same idea except he always has a play that needs production. The wife finally rebels and gets a divorce but that isn't the end of the story. Robert Benchley, Allyn Joslyn and Eve Arden are in the cast. "Blondie Goes to College," featuring Penny Singleton is the second attraction.

* * *

New York Locale.

"New York Town," featuring Fred MacMurray and Mary Martin opens Friday at the Ritz. Don "Red" Barry is starred in the co-attraction, "Arizona Terrors."

* * *

Comic Strip Story.

Bud Duncan of the old Ham and Bud comedies of the silent screen era brings Billy De Beck's comic strip hero to life in "Private Snuffy Smith," showing at the Park. The action takes place in a military camp and deals with the disappearance of a newly invented range finder and the need of help in planning tactical moves. Duncan is supported by Sarah Padden in the role of Snuffy's wife and the cast includes Edgar "Slow Burn" Kennedy. Lupe Velez in "The Mexican Spitfire's Baby," with Leon Errol is the second attraction.

Underworld Drama.

"Frisco Lil," starring Irene Hervey at the Majestic today and Friday, tells the story of a girl who was a college law student by day and a card dealer in a gambling establishment at night. Kent Taylor plays opposite the star in the role of a lawyer who helps extricate the girl from crime and prevents her father from being executed. Minor Watson is in the cast. "Driftin' Kid," with Tom Keene is the co-feature.

Remember Without Wanting + + +

By Margaret Gorman Nichols
(Copyright, 1942.)

CHAPTER XXV

The house before which Stephen stopped the car was one quite similar to her own home, a large frame structure on a tree-flanked suburban street. And as Judith rarely walked up the path to her own house without some memory of childhood springing in her mind, so Stephen now must be remembering the dear, foolish, little things associated with his dead brother. For he was looking at the house and his thoughts did not include her.

"Shall we go in?"

An attractive young girl opened the door. When Judith stepped inside, she felt as though she had been here before, so perfectly had she imagined the home from which Stephen had come—its solid comfort, the old and, no doubt, prized furniture mingling with the new, the innumerable photographs of boys and girls in caps and gowns. She glanced around quickly, knowing that here, too, was the center of a woman's existence.

She turned to Stephen and her face, briefly, wore a look of shock. For suddenly he seemed taller, and he did not look either hurt or confused but strong and capable, a man ready for a big job. He was the head of the family, the oldest son, who had come to "take charge."

There was no indication that the members of Stephen's family thought it odd that he had brought a girl home with him. On this, her first visit, in the confusion and grief and the coming and going of so many people, their names flung carelessly at her, she could identify them only by their faces and did not know his brothers and sisters from his cousins or the married from the unmarried. Only his brother's wife, Martha, the attractive girl who had admitted them and with whom she shared a room, did she come to know at all. Not until the funeral did she see Stephen's mother, a stout woman in black who looked at her with dazed eyes. In the interim she was busy answering the telephone, making telephone calls and admitting friends and relatives to the flower-filled living-room. Stephen she scarcely saw, the only personal remark he addressed to her was, "You've been wonderful. I don't know what I'd have done without you." That was on Sunday evening when he encountered her on the stairs on his way to his mother's room.

* * *

On Monday it rained and it was a sad group that stood beneath dripping umbrellas in a local cemetery and looked at the freshly dug earth and the rain-spattered flowers.

Judith stood back, her thoughtful eyes scanning the sad, strange faces. And perhaps because Stephen's was the only one she knew she looked at him as he lifted his eyes and gazed at her, his face for the first time refusing to reveal his thoughts. She did not know that the tenderness and pride he inspired in her were in her face.

When it was over, she rode back to the house with a school friend of Stephen's and his wife and then went directly to the room she had shared with Martha Larrabee and packed her bag. Though she had not spoken to him, she was certain that Stephen would remain home for a few days before returning to Clinton. She would take a train home immediately.

The big house was quiet. The family had dispersed and Mrs. Larrabee had been taken to the home of her sister until her own was in order again.

Judith came out of her room and was about to go downstairs when, across the hall in the study, she saw Stephen standing by the window and heard the deep sobs that shook his big body. She stood still, unmindful that she should not be standing there. But she had never seen a man cry before and the thought skipped through her mind that it was a gesture of weakness until it occurred to her that a man who has lost the capacity for tears has also lost his capacity for deep feeling.

"Judith."

He had heard her come out and close her door.

"Yes?"

He took out his handkerchief, ran it roughly over his face and turned around.

She did not know what impulse carried her across the room. Certainly she had no wish or desire to intrude. But she walked across the room and put her arms around him.

After a moment he said, "I'm sorry. You think I'm a big baby."

"No, no, I don't. I'm glad you can still cry. You've met the crisis beautifully with no awkwardness. You've done everything.' She stepped back. "I'm going back to Clinton by train. Now. Don't bother with me. I'll get a taxi to the station."

"I'll take you to the station. I wouldn't let you."

"No. You're needed here."

"I can't thank you."

"Don't thank me for anything."

"I'll call you when I get back."

* * *

A little later he went down with her to the waiting taxi and when it drove off and she looked back, she saw him still standing on the sidewalk, a tall, solid figure in a dark suit, looking thoughtfully after the departing cab. Presently he dug his hands into his pockets, lowered his head and walked slowly back to the house.

On Labor day 1939 the four who had been at the seashore in July sat close to the radio in Ralph's car beside a tennis court and heard that England was at war. Four young people in white, they looked very grave and very young, knowing that while the men whose names would appear in history had caused the conflict, obscure people like themselves and their own generation would fight and die in it. After that they had no heart for tennis and little appetite for a picnic luncheon.

In their minds, as in millions of other young American minds, was the growing thought that the men whose names would go down in history, the evil men and the men with good intentions, had robbed them of their futures. In looking ahead they would pause and remember that they dare not look too far ahead lest their plans and dreams be devastated.

Judith's life remained steady. There was nothing in the pleasant busy days at the store or in the evenings spent either with her family or friends to make her either exceedingly happy or exceedingly unhappy though Emily's letters still gave her an inner glow; and she knew that she loved Max no less intensely than she had a year ago.

Emily was going to have a baby and wrote ecstatically about the coming event. And when was Judith coming up to see them? How could Emily, happy, know that she still dreaded New York. Emily wrote that she had not seen Phyllis for months and it had been months since Phyllis had answered Judith's letter. Judith had written again, but Phyllis had not answered.

* * *

She loved Max no less intensely than she had a year ago. But how could it be still vital and demanding and insatiable? Long ago she had stopped telling herself that she was over it. It was absurd to lie to yourself when you knew that in every lonely moment Max spoke in her ear and that all lovely scenes and beautiful music sharpened her longing to see him.

One evening in December her mother called her to the telephone as she came in from work.

"Judith? This is Ames."

"Ames?" She laughed. "Strange! Are you and Phyllis in Clinton?"

"I'm in Clinton. Will you have dinner with me?"

"I'd love to, but why not come out here for dinner and meet my parents? You haven't met them and they've heard me speak of you so often." This was, no doubt, a business trip.

Sport Podge

by REX HESS

I've just accepted an invitation to attend the annual sports banquet at New London Monday evening.

This I have done, not because I expect to be unusually hungry on Monday, and not with any intention of starting on the annual spring tour of the knife and fork league, BUT, because Paul Snyder, Mansfield high football coach, is to be the PRINCIPAL SPEAKER.

It should be something to hear.

* * *

Just jumping at conclusions, a guy might get the idea that Snyder had been booked in the chief oratorical spot on the strength of his undefeated record last fall with the Mansfield Tygers.

That might have had something to do with it, but I gather it isn't the main reason. New London is going to welcome home the best coach it ever had, which is no disparagement of the mentors who came before or followed him.

"Shucks," say the New Londoners, "we're not surprised at his record last fall. We knew he had it in him."

* * *

And so they'll fill a banquet hall
To welcome home a guy named Paul.

* * *

Snyder coached at New London from 1929 to 1934, going there direct from Wooster college where he was an All-Ohio football guard.

His biggest season was in 1933 when New London played an 11-game schedule, winning 10 games, including five over Class A schools, and losing only to Bucyrus, 9-6.

He won the Northern Ohio league championship, and the mythical Class B state title in a wild scoring battle with Mansfield Madison, and his club chalked up 277 points to 24 for the opposition.

* * *

That winter his basketball team copped the Huron county and Northern Ohio league titles and went to the finals of the Findlay district Class B tournament.

And in the spring of 1934 his track team won six independent meets, the Northern Ohio league championship, and the state Class B relays at Delaware.

This record was enough to convince Mt Vernon that Snyder was needed there. And his record at Mt. Vernon was pretty good too It brought him to Mansfield.

* * *

Now each New London resident
Would gladly name him president,
While all the dentists in the town
Sing: "New London bridge is falling down,"
As loyal fans, about the table,
Chaw on chow as best they're able.

Tygers Meet Old Foe In Tourney Battle

Tangle With Fremont Little Giants In Semi-Finals Friday

MANSFIELD HIGH'S bucket-tossing Tygers renew an old tournament feud with Fremont's Little Giants Friday night in the semi-finals of the Sandusky district joust, the same spot in which the two teams tangled in a double-overtime, sudden-death battle last spring.

The Tygers will be out for revenge. You see, they lost that sudden-death affair a year ago * But they took so much out of Fremont in their semi-final scrap, the Little Giants proved easy picking for Ashland in the finals the following night.

Mansfield went into the fourth quarter leading Fremont by nine points, and apparently headed for easy victory. Then the going got rough, fouls were called right and left, and the Tygers left the floor one by one.

* * *

Before the Tygers scored a point, Fremont racked up 10 and took a one point lead. Then with only seconds to go, Joe Altamonte stepped up to the charity line and dropped in the free marker that sent the game into overtime.

Mansfield, at full strength, should have won that game easily. With its regulars staging an enforced parade to the sidelines, the Tyger quintet was slowly counted out. Sudden death became slow death down through that last quarter and the two extra sessions.

On their records Mansfield and Fremont are the two best teams in the Sandusky tournament this year As a matter of fact Fremont has a better record in games won and lost than has Mansfield, but there's a question of quality of competition to be considered.

* * *

Both the Giants and Tygers have their outstanding scoring stars, "Snooks" Jenkins, little colored forward, firing the heavy artillery for Fremont, and Bob Winbigler for Mansfield. Both are close to the 300 mark in points for the season.

* * *

While Winbigler tallied 17 points in each of Mansfield's two tournament victories thus far, Jenkins racked up 18 in Fremont's only game, an easy 48-14 win over Willard.

Bob Hall and Dick Myers, important cogs in the Fremont offense all season, got in their licks against Willard, Hall connecting for 12 points and Myers for six.

Again the class of competition encountered by Mansfield and Fremont prevents accurate comparison of the two teams. Willard offered little opposition to the Giants, scoring only one point in the first quarter and one in the second.

* * *

Coach Vern Hoffman had intended letting his Tygers take it fairly easy this week, with a day off on Monday, but they insisted on practicing. So a light workout Monday was followed by hour and a half drills Tuesday and Wednesday, with a shorter session scheduled today.

* * *

Ashland meets Tiffin Columbian in the first game tomorrow night at 7:30, and the Mansfield-Fremont game is scheduled for 8:45 The winners meet Saturday at 8.15 for the tournament championship, and the right to compete in the Findlay regional tournament next week.

Three Changes In ABC Leaders Made

COLUMBUS—(AP)—Three minor changes occurred yesterday among the leaders in the American Bowling Congress tournament as booster teams continued to blast at the pins.

The Ditto Sales of Youngstown rolled 2727 to take over ninth place in the five-man team standings.

A 1200 gave Kenneth Bird and Art Tufford of Newcomerstown fifth place in the doubles.

Clint Boyer, a Mapleton, Wis., hotel operator, placed sixth in the singles with 653.

Spectators looked for bigger scores tonight when 34 regular teams go on the alleys.

GOES TO NAVY

AKRON—(AP)—Vic Obeck, Akron university's assistant football coach, has been ordered to report at the training station at Annapolis, Md., to serve on the navy's aviation physical education program. He will leave here Friday.

Eagles Thrive On Handicap

Blank Bissman Birdies, Take Scoring Honors.

Eagles took full advantage of a 198-pin handicap last night to roll up a 3140 total and blank Bissman Birdie Brands in the City "A" bowling league at Colony alleys. Not even a 1056 game was good enough to win for the Birds.

Henry Heiser of the Eagles took the league's top scoring honors by one pin, rolling 637 on games of 203-210-224, while Henry Michaels had 636 on 206-242-188.

Bill Donnellan rolled 623, Al Letteker 607, Farrell Hipp and Winnie Cleckner 619, Bob Bieri 611, and Carl Wiseman 604.

Letteker had high game of 248, and Pete Linster had 247, followed by 140.

OSHKOSH CAPTURES PRO TOURNEY CROWN

CHICAGO—(AP)—Championship honors in the national professional basketball league and the annual pro tournament at Chicago both belonged to the Oshkosh (Wis) All-Stars today.

The All-Stars added the tournament title last night when Gene Englund's last second field goal broke up a 41-all tie and tripped the defending titleholders, the Detroit Eagles, 43 to 41. Oshkosh had led 20-10 at halftime, but Detroit rallied and led at one time in the last minute, 39-38. Englund, former Wisconsin ace, topped all scorers with 17 points.

CAGERS GET LETTERS AT SIMPSON DINNER

Eight of Coach Bob Deffaven's city championship John Simpson junior high cagers were awarded letters at last night's recognition dinner for the basketball squad and cheer leaders in the school cafeteria.

Letters awarded by Principal H. J. Dotson went to Roland Schmidt, Mike Zivkoff, Bill Dent, Dick DePue, Jake Gaubatz, Jim Adams, Ed Bollantz and Lester Yerger.

Bivins Blasts Gus Lesnevich

Light-Heavy Champion Takes Only One Round.

CLEVELAND — (AP) —Although Gus Lesnevich is the light heavyweight champion, Cleveland's Jimmy Bivins gave him such a lesson last night that Gus' co-manager, Lew Diamond, doesn't want any part of a return match.

"We'll never fight him again," Diamond declared after freely admitting Brother Gus was far from the better scrapper in the ten round non-title slugfest before 9,429 Cleveland Arena customers.

Living up to his pre-fight agreement, Bivins gulped down a quart of water to raise his weight to 176¼—safely over the 175 pound limit—and gave Lesnevich such a pasting the champion emerged with a big cut under his right eye, his nose bloodied and his ego also slightly damaged.

"I just couldn't get going," explained Lesnevich, who weighed 178. "Bivins is a tough fighter and a good fighter."

Entering the ring an 11-10 favorite, the champion had only one good round—the tenth—although he managed to get a slight edge in the fourth and the fifth with the third even and the remaining six going to the Cleveland Negro.

Lesnevich, of Cliffside Park, N. J., felt the floor twice. A smashing right to the jaw sent him down for no count in the second, while he slipped to one knee ducking one in the fourth session.

For the $22,892 they tendered Promoter Bob Brickman, the customers saw two knockouts Joey Maxim, 181, Cleveland, disposed of Herbie Katz, 176, Brooklyn, at 1:06 of the sixth round on Katz's third trip to the floor. It was carded for 10. Army Sergeant Joe Muscato, 188, Buffalo, N Y, put a technical knockout on Charley Roth 187, Detroit, at 1:43 of the second in a go slated for five.

Loudonville Among District Champs Defeated In Tourney

By JAMES EMERSON

COLUMBUS — (U P) — The first heavy wave of casualties among defending district titleholders today swept three of last year's district champions from the 1942 Ohio high school basketball tournament picture.

* * *

The victims were Toledo Libbey in Class A and Loudonville and Hicksville in Class B. Only two—Xenia Central in Class A and Xenia O. S. S. O. in Class B—of the defending titlists in action last night came through with victories.

* * *

The two Xenia teams captured easy triumphs to advance to the finals of the southwestern district playoffs at Dayton. Central defeated Dayton Parker, 38 to 25, and O. S. S. O. waltzed over Versailles, 39 to 14. Central meets the winner of the Bellefontaine-Dayton Oakwood class and O. S. S. O. tangles with Dixie of Montgomery county for the right to enter the state finals for the second year in a row. Dixie nipped Northridge, 23 to 22, to gain the district finals last night.

Toledo Woodward knocked out Libbey, 29 to 27, in the opening clash of the Toledo Class A meet despite a 20-point individual spree by Libbey's Rol Henning.

* * *

New Waterford took care of Loudonville, 37 to 27, in the northeastern tourney at Kent while Ada subdued Hicksville, 54 to 40, in the northwestern meet at Leipsic. Vaughnsville, boasting the state's highest average scorer in Stretch Goedde, was eliminated from the Leipsic tourney by Holgate, 33 to 31.

* * *

Last night's results left 12 out of 16 of last year's district winners in Class A and six out of 16 in Class B still in the running for return trips to the state finals.

The first three of this year's district champs will be chosen tonight in the Class B finals at Kent. The pairings: Clearview vs. Mineral Ridge; Canton St. John vs. Fairport Harbor; Waynesburg vs. New Waterford. Clearview, unbeaten this season, registered its 22nd victory in trimming a potent Doylestown five, 33 to 28, last night.

Charlie Hatfield collected 27 points to lead Waynesburg to a 51 to 36 conquest of Eaton. That gave Hatfield the fine total of 50 points for the last two nights. He tallied 23 against Chagrin Falls Tuesday night.

Two Marion county entrants advanced to the Class B finals in the central district. Claridon removed a fine Harlem team, 30 to 24, and Marion St. Marys defeated Commercial Point, 40 to 26, to assure Marion county at least one representative in the state meet.

Quarter-final and semi-final play resumes generally in the state's districts tonight. One of the feature contests will be at Waverly in the southeastern section where Waterloo, the defending champion, and Jeffersonville replay their first round game, won last Saturday by Waterloo, 33-18.

Two two schools agreed to replay the contest upon discovery that Central Paul Roach, Waterloo's leading scorer, has been over the 20-year-old eligible age maximum since last September. Roach tallied 14 points in Saturday's game.

Draw Monday In B-Tourney

State Cage Joust Opens Thursday at Wittenberg.

SPRINGFIELD — (U.P.) — Drawings for the class B state high school basketball tournament will be held at 10:30 a. m. Monday in the Wittenberg field house, Tourney Manager J. H. Hirtzinger announced today.

As in past years, the drawing will be conducted so that two teams from the same district will not be forced to meet in the first round of the three-day meet which opens March 19 in the field house.

Officials for the tournament will be H. T. McMillan, Delaware, alumnus of Ohio State university; Gene Mechling, Chillicothe, Capital; Ralph Sundheimer, Walnut Creek, Kent State, and Harry Schwab, Dayton, Ohio Wesleyan.

The meet opens at 1 p. m. Thursday with four games followed by four more at 7 p. m. The quarterfinals will be played at 2 and 8 p. m. Friday, March 20, Saturday, March 21, with the title game at 8 p. m.

Admission prices will be 50 cents general and 75 cents for reserved seats. Seats may be reserved after 1:30 p. m. Monday, at the Wittenberg athletic office. School bands and cheer leaders will be admitted free "if space permits."

The playing floor will be 86 by 45 feet with two feet extra length beneath the baskets. Practice will be permitted Wednesday afternoon and Thursday morning.

by going in MID-WEEK to ease WEEK-END congestion

Wartime conditions tend to crowd transportation facilities on week-ends when soldiers and war workers travel. You can aid by going places during the mid-week when possible, and by getting tickets and travel information in advance. Going by Greyhound, you'll be saving your car and tires, saving materials America needs. And you'll be saving money for Defense Bonds at low Super-Coach fares!

Ohio Convicts Take To Busting Beaks

COLUMBUS — (AP)—Beaks—not rocks—will be "busted" at Ohio penitentiary Saturday.

The boxing squads of the penitentiary and the London prison farm will meet, with 14 battlers scheduled for 32 rounds before a "guaranteed gate" of 2,000 inmates and a handful of "outsiders."

The card marks the third annual renewal of the inter-prison boxing program, believed to be the first of its kind in the country.

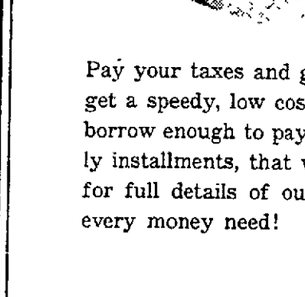
It'll be "homecoming" for Supt. William F. Amrine's London larrupers, who formerly resided in the penitentiary, but Warden Frank G. Henderson warned the visitors that sentiment was out.

"In keeping with our regulation providing for courtesy to all visitors, we shall accord the London squad a hearty welcome," the warden said.

AKRON MAN SHARES GOLFING HONORS

MIAMI, Fla — (INS) — Chandler Harper, of Portsmouth, Va., and Herman Keiser, of Akron, O., today were winners of the 19th annual international four-ball golf tournament.

Harper and Keiser defeated Jack Grout, of West Pittston, Pa., and Ben Loving, of Longmeadows, Mass., 4 and 3 in the 36-hole final after eliminating Ben Hogan and Gene Sarazen, last year's winners, in the semi-final round.



GOONS AND STARS WIN INTERMEDIATE GAMES

Goons walloped Tigers 38-27 and All-Stars ran over the Red Birds 43-37 in the Intermediate White basketball league at Friendly House last night.

Flock racked up 18 points for the Stars, while Johnson tallied 13 for the Goons, Gerberick 13 for the Birds, and Henry 12 for the Tigers.

TWO JOBS OPEN

AVALON, Calif — (AP) — Aside from pitching, says Manager Jimmy Wilson, there are two wide open jobs with the Chicago Cubs —left field and shortstop Currently Rookie Harry Lowrey has first call in left field, teaming with Charley Gelbert and Bill Nicholson. Bob Sturgeon is the No. 1 shortstop now, but is being pressed by Len Merullo.

Woodberry Again Leads High Keglers

Ed Woodberry, again led the high school bowling league yesterday at Colony alleys with a 556 total on games of 192-181-183, while Jack Carr had 550 on 170-201-179. His 201 took high game honors.

BUFFALO, N. Y—Ken Overlin 163, Washington, D. C outpointed Paulie Mahoney 167½, Buffalo (10).

CLEVELAND—Jimmy Bivins, 176½, Cleveland, outpointed Gus Lesnevich, 178, Cliffside N. J. (10) (non-title).
Joey Maxim 181, Cleveland, knocked out Herbie Katz, 176, Brooklyn (6).

Fremont Favored In Swim Joust

COLUMBUS — (UP) — The mermen of Fremont Ross high school are expected to have the upper hand when Ross and Canton McKinley engage in their annual duel tomorrow and Saturday for the state scholastic swimming championship.

* * *

There will be 22 other schools in the meet at the Ohio State natatorium but as usual during recent years, Ross and McKinley figure to be the only serious team title contenders.

* * *

On the basis of performances in three district meets last weekend, Fremont totes too much all-around strength for McKinley to wrest the crown Fremont captured last March.

Number Thirteen Cuts Big Figure With This Family

GLENS FALLS, N. Y.—(INS)—Every time the thirteenth of the month comes around, Mr. and Mrs. Fred B. Weidley, 44 Sherman avenue, look for a little extra luck to drop out of nowhere. And well they might, considering the number of times the figure 13 has entered into their lives.

To begin with, Mr. Weidley, manager of the Woolworth store in this city, was born on Friday, the 13th.

So was Mrs. Weidley. He was the 13th grandchild of the family. They were married on the 13th of January 1921—it was a Thursday, which is just about as close as you can get to Friday the 13th without it being Friday the 13th—and that makes January 13, 1942, their 21st, wedding anniversary. They left on their wedding trip in a Pullman car that bore the number thirteen.

Mr. and Mrs. Weidley are the parents of three children. One, Lillian, was born on May 12th—one hour before the 13th. And another, Richard, was born on December 14—one hour after the 13th.

A volcanic eruption in 1883 on Krakatau, an island between Java and Sumatra, cut the island area in half.

RED CROSS HAS 2 BIG EVENTS LISTED FOR MAY

Blood Donor Unit To Be In City; Nursing Conference Being Arranged.

Richland county chapter of the Red Cross will be host to both the Cleveland blood donor organization in May and also to a sectional home nursing conference slated for Mansfield by the American Red Cross, May 26.

Meeting with the Richland county chapter executive board at headquarters here yesterday afternoon Harry Grady, field representative, explained that the blood donor mobile units would visit Mansfield from one to three days depending upon the number of donors.

The chapter must guarantee the mobile unit 140 applicants a day, Grady said, so that at least 80 units of blood would be assured from each day's donors. A blood unit amounts to approximately one pint and potential donors must register with the Richland chapter headquarters as quickly as posible.

Grady made it clear that donors do not need to have a physical examination before presenting themselves to the mobile unit as the physicians and nurses carried by the unit conduct all exammations. All well persons, men and women, white and colored, between the ages of 21 and 60 may make application.

The home nursing conference is expected to bring representatives from close to a dozen chapters to Mansfield, May 26, for an all-day session based upon a program set up by the national organization. Authorized and potential instructors, chairmen and members of home nursing committees will be eligible to attend.

L. W. Birch, county chairman, presided at the board meeting, when the monthly reports were presented by the respective chairmen.

START DRIVE ON TRAFFIC FINES

Police Compile Notices To Be Sent Mansfielders Who Have Failed To Pay.

Scores of Mansfield motorists who have been coasting along with unpaid traffic violation tickets will soon have to dig deeper for their fines and for 25 cents extra for each offense

Workers in the police department spent yesterday afternoon typing out the first notices to be sent to about 150 motorists owing traffic fines.

Hundreds of tickets have been issued by the department but have never been collected. Although many motorists come to the police station to pay their fines voluntarily, others merely "forget" the tickets and hope that the police have done the same.

Traffic Commissioner Frend C. Boals said today that several months of work has been done in sorting out the tickets and that these first notices will be followed by others to other drivers.

The 25 cents extra is being ordered by Judge G. E Kalbfleisch as a journal entry fee for the extra trouble which the city has had to go through to collect the fines.

The cards will remind drivers that they received tickets on certain dates and that they are summoned to appear in municipal court.

21 TAKE NAVY SERVICE OATH

Seven From Mansfield Among Group Enlisting Through Station Here.

Twenty-one young men, seven of them from Mansfield, went to Cleveland yesterday to take the oath of allegiance in the Navy following their enlistment at the Mansfield Recruiting station.

They were Wilbur C Linn, Jack V Hamilton, Ralph R Harris, Roger B Stevens, Allen A Dare, Virgil R Harden and Richard R Turner all of Mansfield, Donald J. Boals, Butler, Harold K Chew, Shelby, William H Hull, Arthur A Nuce, and Robert E Williams, Mt Vernon; Billy R. Frank and Edward S Davies Perrysville, Ralph E Young, Robert M Paullin, George K Long, and Richard Heimberger, Loudonville Norman H Vernon and Adelbert E Vernon, Jeromesville and Raymond C Ritchey, Galion.

Officers at the Mansfield recruiting station said that effective immediately 80,000 young men between 17 and 19 who are in their freshman or sophomore year of college will be enlisted in the Naval Reserve, and will be allowed to continue their college work, at their own expense, taking a suggested curricula stressing physical training, mathematics and physics

At the completion of two academic years, approximately 20 000 per year will be selected for flight training and ordered to duty at a rate determined by the service needs Approximately 15 000 per year will be allowed to continue their college work in an inactive duty status up to a baccalaureate degree. On the completion of their college work, the entire number will be given Reserve Midshipmen Training.

The balance of approximately 45,000 men per year will be allowed to finish the equivalent of two academic years after which they will be ordered to active duty for training at a Naval Training Station, and upon completion, to duty with the Fleet.

A Three Days' Cough is Your Danger Signal

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

Optical Figures Were Mistaken For Secret Code

SCOTT FIELD, Ill.—(INS)—This story made the rounds here recently among the Air Corps cadets.

A few weeks ago, Cadet Carter Glass III, who has since been commissioned as a second lieutenant, received a mysterious telegram at the post from his home town in Virginia. Knowing what the message was about, he did not call for it at the post headquarters on the day it arrived

Next day a military messenger pounded at Glass's barracks door, he was escorted to the post office. Officers with furrowed brows pointed to a telegram on the desk and asked:

"Can you explain this telegram? Our code experts have gone over it for hours and they can't make a thing out of it."

The telegram contained the following message: "Right, minus 225 plus 3 Axis 85. Left minus 225 plus Axis 85. Feb. 8."

Greatly relieved, Glass said: "That's only a prescription for my eyeglasses."

Young Glass, a grandson of Senator Carter Glass of Virginia, wears rather thick glasses.

The sturgeon is called the royal fish in England because the king can claim any sturgeon caught.

2—Card of Thanks

WITH REGARD TO A CARD OF THANKS

Very often a Card of Thanks in The News-Journal meets a need which can hardly be solved in any other way. Not only is it a gracious expression of gratitude to those who have sent floral tributes, but also courteously acknowledges the service and kindness of the many to whom a personal note of thanks cannot well be mailed, or whose names or addresses are not known.

A "Card of Thanks" can now be arranged by telephone: Dial 4251-6, ask for Miss Lane or Miss Stone, either will be glad to render whatever service and advice you need.

YOUR ATTENTION, PLEASE!

On December 24th we delivered a 1942 Pontiac Super Chieftain six-passenger 2-door sedan to Mr. R. B Gordon, who has only driven it 1487 miles. It is finished in Skipper blue body and Pearl gray top with beautiful two-tone blue interior trim. We equipped it with our best radio, heater, defrosters, and air conditioning unit. Also with a vacuum operated aerial, electric clock, license plate frames, light in glove compartment and trunk, backing-up light, special trouble light under hood, chrome bumper rail guards, wheel rings, fender pants and numerous other accessories. This car delivered for $1427. NOW—this gentleman is leaving for duty with the armed forces of our nation. We have special permission from the rationing board to deliver this car to anyone desiring to own it. It will carry a new car warantee as if it had never been driven, and the owner will be entitled to the regular 2000 mile service. This car is on display in our showroom. P. S. It also has a brand new spare tire.

WICHITA, Kas.—(U.P.)—A calf born on the day war was declared bore a plainly marked "V" on its left shoulder. The purebred shorthorn bull is owned by George Cross, a farmer living west of here.

PASTELS FASHIONABLE

JOLIET, Ill.—(U.P.)—Fashion note for milady: Pastels may soon be the wartime vogue. The American Institute of Laundering says war industries are absorbing many of the chemicals previously used to clean and dye darker fabrics.

STOCK MARKET PICKS FEEBLY AT RECOVERY

Many Leaders Continue In Retreat, Several Hit New Lows For Year.

(By Associated Press)

NEW YORK—The stock market picked feebly at specialized recoveries in today's proceedings but many leaders continued the retreat.

Touching new lows for the past year or longer were Dow Chemical, Allied Chemical, Union Carbide, Texas Co., and American Tobacco "B".

Steels, rails, rubbers, motors, coppers, mail orders and aircrafts held to a narrow trail. Eastman Kodak got up a point and resistance was exhibited by Standard Oil (N. J.), Youngstown Sheet, Santa Fe, Western Union and DuPont.

Some selling to obtain funds for March 15 tax payments was reported by brokers. Lack of much stimulation in the general run of war news and talk of dividends being reduced or suspended because of mounting costs kept many potential bidders in the do-nothing ranks.

Business analysts studied the Dun & Bradstreet weekly statistics on bank clearings, showing the total for 23 major cities in the latest period down 19.4 per cent from the previous week's 1942 peak but 16.6 per cent ahead of the like period last year.

Talks To Dairymen — C. L. Blackman, extension dairyman at Ohio State university, will speak at 8 p. m. today at a meeting for northern Richland county dairy farmers at the Shiloh school. His topic will be "Artificial Breeding of Dairy Cattle."

Rifle Club Holds Shoot — The Mansfield Muzzle-Loader Rifle club will hold a shoot, starting at 1 p. m. Saturday at the club's grounds along U. S. Route 30-S, three miles west of the city, Arthur T. Owen, secretary, announced today.

Trucker Fined—Pleading guilty to a charge of operating an overloaded truck on U. S. Route 250 north of Ashland yesterday, Leland Lowther, 28, Mechanicstown, O., was fined $20 and costs by Justice of Peace W. G. Singer of New London. He was arrested by state highway patrolmen.

Motorist Held—A 17-year-old Prospect street resident was arrested by police last night on a charge of speeding and was to be arraigned today at 1:30 p. m. before Judge S. H. Cramer in probate court. Police said that the youth was driving at a speed of more than 45 miles on Sherman avenue near Park avenue west.

Arrest Minor—Mansfield police last night took into custody a 15-year-old Mansfield youth who admitted taking part in several purse-snatchings and petit larcenies committed in the city during the past few months. Probation Officer Ralph Carroll said that the youth had been an inmate of the Boys Industrial School at Lancaster and that he would be returned there.

Give the Little Girl a Break

You've forked over the cash for her to buy that new Easter bonnet and everything that goes with it? So what?

She can't be proud of her ensemble unless she's proud of her escort!

Take a good look at that suit of yours. Sure it's a good suit—but it's not good enough to make the little lady's heart beat with pride!

The colors are new, too! There's Star Grey—a shade of grey with a bluish tinge. Also Granite Grey, Air Blue and Brownstone.

And how about your hat—and your topcoat—and your shirt—and the rest of your fixin's?

Come on in. Bring her along, or let one of our boys help you select an outfit that will give her a happy surprise.

A NEW LOAN SERVICE
For Residents of Mansfield and Richland County

$10 to $100 Immediately
$10 to $500 In One Day
For Income Tax, Bills and Other March Expenses

Our new Mansfield office brings you a loan service you will like. For fifty years—since 1892—the Economy has loaned money to thousands of Ohio families to consolidate debts, meet emergency expenses, and a hundred other worthy needs.

WHO MAY GET A LOAN?

Both city and rural residents may obtain up to $500 You may apply for $10 to $100 IMMEDIATELY or $10 to $500 IN ONE DAY on auto or furniture. The requirements are simple. Your ability and willingness to repay out of a steady income are the chief requirements.

HOW TO GET A LOAN

All you need to do is this: Come in, write, or phone telling us the amount you need. We take care of the details and are ready to complete the loan when you call. All loans are quick and private. We do not ask embarrassing questions of friends, relatives, or employer.

Friendly Personal Service

Your application receives the personal attention of our manager who is well known in this community. The actual dollar and cents cost of your loan is explained carefully. You know in advance exactly how much is due each month, and you may have up to 18 months for your repayments. Just tell us how much you want. We'll do the rest.
